Winnipeg is one of the sunniest cities in Canada (averaging 316 sunny days per year), located in the geographical centre of our country. It is the capital of Manitoba. The population is 750,000, and its location far from other Canadian city centres gives it a “big” small city vibe. You can reach anywhere within city limits in 30 minutes, the city boasts an impressive amount of green space and trails along its two rivers and near its many parks, and there is excellent cottage and lake country nearby (including Grand Beach, ranked one of the top 10 beaches in Canada). Housing is affordable in this family-friendly city with excellent arts, food, and sports scenes. There is something for everyone in the friendliest province!
