

STEPHEN COHLMeyer

BA, MArch, FRAIC
MAA, AIBC, AAA, SAA, OAA, OAQ, NCARB

President of Cohlmeier Architecture Limited

BACKGROUND

Steve Cohlmeier studied Architecture at Harvard University and has been Adjunct Professor of Architecture at the University of Manitoba for ten years. He has lectured at universities in Canada, the US, Chile and Uganda. He is a Fellow of the Royal Architectural Institute of Canada, and former President of the Manitoba Association of Architects.

Steve has lead Cohlmeier Architecture for the past thirty years, as the firm has completed building, planning and urban design projects in North America, South America and Africa. He is frequently an invited speaker at national and provincial conventions of architects, planners and engineers.

Cohlmeier Architecture has completed a wide range of building and urban design projects. The firm’s work has been recognized through national and international publication and awards.

Cohlmeier Architecture have offices in Winnipeg, Montreal, and Chile, and they are currently working on projects in Quebec, Manitoba, Saskatchewan, Alberta and British Columbia. The firm has current active projects with a cumulative construction value over \$120 million.

Steve is fluent in English, French and Spanish and works professionally in all three languages.
