Alumni Association extends their special offers

The Alumni Association welcomes retirees of the University of Manitoba to stay in touch through their website, where you will find information about Homecoming, class reunions, events such as out-of-town receptions and alumni-sponsored Manitoba Moose or Winnipeg Goldeyes games. Special offers, such as discounts on tickets, are extended to all alumni, retirees and friends of the University of Manitoba, and can be found on the website: www.umanitoba.ca/alumni, or you can get more information by calling (204) 474-9946 or by e-mail at alumni@umanitoba.mb.ca.

We wish to thank the Alumni Association for including retirees who are not alumni/ae of the University of Manitoba in their special offers.

Another Successful University of Manitoba United Way Campaign

Congratulations are extended to the retirees of the University for their outstanding support of the University’s United Way Campaign. Despite the significant delay in sending out the campaign literature to retirees, we exceeded the goal of $75,000 for retiree contributions by pledging $76,200. Thanks are extended to everyone who contributed to the success of this campaign.

In case you are interested, you can obtain a list of the programs supported by the United Way by visiting its website at www.unitedwaywinnipeg.mb.ca, click on IMPACT and select “Community Investment Directory.”

UMRA Membership

We have been very pleased with the number of persons who have joined UMRA since its first AGM in 2004. Our most recent statistics show that between January 2007 and January 2008, our total membership has grown from 222 to 338, an increase of 52%. Of the 338 total members, 124 are Active members who pay dues annually, 93 are Life Members who paid a one-time fee of $100, and 121 are Inactive members. Most of the Inactive members live outside of Winnipeg (either in other communities in Manitoba or outside the province). Although members living at a distance from Winnipeg are unlikely to participate in the activities of the Association, their interest and support is greatly appreciated.

Membership in UMRA is available to any person who has retired from the University and that person’s spouse/partner.

Next President’s Reception:
The next President’s Reception for Retirees will be held on Saturday, October 18, 2008, on the Fort Garry Campus. We are hoping that Dr. David T. Barnard, the University’s 11th President and Vice-Chancellor will be able to be present at this event. Immediately prior to the Reception, UMRA will be holding its Annual General Meeting.

The 23rd President’s Reception for Retirees

You may recall the opening heading of the September 2007 edition of the Retirees’ News, “One Thing That is Predictable – the President’s Reception”. Unfortunately, the reception was cancelled due to the labour dispute on campus at the time. This just proves one has to be careful about making rash statements!

The 23rd President’s Reception for Retirees will be held on Saturday, April 26, 2008, in Marshall McLuhan Hall, Room 204, University Centre, Fort Garry Campus, starting at 2:00 p.m.

We are very fortunate that our guest speaker, Dr. Allan Ronald, who was scheduled to speak to us in October, will be able to be with us for this event. The focus of his presentation will be Global Health – A Role for Manitoba.

We are very much aware of the health pandemics, such as HIV and more recently SARS, which affect people around the world. While such pandemics have their most dramatic impact on resource-constrained societies, no country is immune from their occurrence within its borders. Consequently, it is important for all nations and the jurisdictions within them to have the structures and systems in place to effectively combat pandemics whenever they arise, in order to achieve the desired outcomes with compassion and empathy.

This presentation is based on the work Dr. Ronald and others in the Department of Medical Microbiology in our Faculty of Medicine are doing in combating the HIV/AIDS pandemic in Africa. In 1980, before we in North America were aware of HIV/AIDS, Dr. Ronald was instrumental in establishing the University of Manitoba/University of Nairobi World Health Organization Research and Training Program in Sexually Transmitted Diseases. This program has been called the most important research site in the developing world.

Recently retired but still very active, Dr. Ronald has had a distinguishing career in medicine, science, administration and education, most of it with the Department of Medical Microbiology in the Faculty of Medicine at the University of Manitoba. He has received numerous awards in recognition of his outstanding contributions to the combating of pandemics, including the Order of Canada, Fellow of the Royal Society of Canada and the F.N.G. Starr Award, the highest award of the Canadian Medical Association.

Following Dr. Ronald’s presentation, Dr. Emőke Szathmáry, President and Vice-Chancellor, will bring us up to date on happenings at the University. This being the last President’s Reception for Retirees which Dr. Szathmáry will attend as President and Vice-Chancellor of our University, we invite you to join us in a special tribute for her ten years of support of University of Manitoba retirees.

At the reception which follows, there will be plenty of time to meet with your former colleagues and friends. Remember—your spouse/partner is most welcome to attend this event. Also, be sure to invite those survivors of retirees whom you know. You are asked to RSVP by April 18th by calling Linda Lassman at 474-9124 or e-mailing her at linda_lassman@umanitoba.ca.
Basic Computer Training

UMRA offered its first basic computer training workshop last November. The response was positive, with participants expressing the desire for more such workshops. Consequently, it has been decided to offer a similar workshop at a date and time to be determined. If you are interested in learning the basics about operating a computer, please call the UMRA office at 474-7175 and leave a message indicating your interest, when you would be available to take the course, your name and phone number.

Additional Computer Training

There are constantly new things to learn about the software programs that we have or would like to have on our computers. One source of such assistance is the computer courses offered by Information Services and Technology (IST) at the University. These courses include, for example, Excel 2007 – Basics and Photoshop – Introduction. Current employees and students can pre-register for these workshops. However, many of the courses are not filled. When this happens, retirees will be given the opportunity to register for the course. Through arrangement with IST, the fee charged retirees will be the same as for students. To find out what courses are being offered, go to www.umanitoba.ca or by writing to us at Box 5, Administration Building, University of Manitoba, Winnipeg, Manitoba R3T 2N2.

There are two vacancies on the Communications Committee. One vacancy is that of editor of the Retirees’ News. The job of the editor is to prepare the content of the newsletter. Upon completion, the newsletter is sent to a graphic artist for the addition of art work before being printed and mailed out by the University. Preparation of the Retirees’ News takes place in late January and again in late August in order to be ready for distribution five weeks prior to the President’s Reception for Retirees. Experience in writing newsletters would be an asset, though not essential, for this editorial task.

The second vacancy is that of Assistant Webmaster. UMRA maintains a website which requires updating as circumstances warrant. If you have experience in developing and posting material to websites (or would like to learn how to use the appropriate software) and have a computer with internet access, our Webmaster, Gunter Baureiss, would appreciate your assistance.

We are also looking for someone to chair our Membership Committee. In addition, we need someone to maintain our membership list.

University of Manitoba Retirees Association Committees Invite Volunteers

Our Communications Committee and Membership Committee are inviting volunteers to assist them in carrying out their responsibilities. The specific areas for which volunteers may be of assistance are described below. Each committee meets about twice a year. If you are interested in contributing to the ongoing viability of our retiree association you may contact us by phone at 474-7175, by e-mail at retiree@cc.umanitoba.ca or by writing to us at Box 5, Administration Building, University of Manitoba, Winnipeg, Manitoba R3T 2N2.

We are also looking for someone to chair our Membership Committee. In addition, we need someone to maintain our membership list. If you have experience with setting up and maintaining a database, we would appreciate your assistance.

Your help was appreciated

In our September 2007 issue, we asked for volunteers to participate in the “Take Our Kids to Work” program held at the University on November 7th. We thank those retirees who participated in this event.

Retiree Non-medical Benefits

From time to time our members ask about the non-medical benefits available to retirees. The following is a summary of these benefits available to retirees who have 10 years or more of employment at the University.

Retired Staff Identification Card. A photo ID card is available to retirees and their spouses who are eligible for University group health and dental insurance benefits. The card may be obtained by contacting the Registrar’s Office, 4th floor, University Centre. The telephone number is 474-9428.

Library Services. Retirees and their spouses who have a Retired Staff Identification Card can access the services of the University of Manitoba Libraries at no charge. This includes access to electronic resources and interlibrary loan (also known as document delivery services).

Recreational Facilities. Retirees and their spouses who have a Retired Staff Identification Card may obtain a Recreational Services Membership at no cost at the Fort Garry Campus (Frank Kennedy Centre and Max Bell Centre) and at the Bannatyne Campus (Joe Doupe Centre). For more information, call the Frank Kennedy Centre at 474-6100 or the Joe Doupe Centre at 789-3858.

Computer Services. Retirees who have a Retired Staff Identification Card are eligible for an e-mail account, accessible through your internet provider or with 30 hours of no-charge dial-up access, and Software Express access.

The University of Manitoba Bulletin. Retirees and their surviving spouses may have The Bulletin mailed to their home at no cost by calling 474-8111 or by requesting it by e-mail at www.bulletin@umanitoba.ca. The Bulletin is also on the University of Manitoba website at www.umanitoba.ca/bulletin.

Tuition Reimbursement. Any Manitoba age 65 or older may register for undergraduate credit courses tuition free at the University of Manitoba. Between age 55 and 65, tuition is charged, but with application at the time of registration, the tuition paid by retired employees will be remitted upon successful completion of the course. The application form for reimbursement of tuition is available at www.umanitoba.ca/admin/human_resources/lds/reimbursement/index.html. For more information call 474-9124.

Employee Assistance Program (EAP). This program is a voluntary confidential counseling service available to all University of Manitoba employees and their families. This service is available to retired staff members for two years following their actual retirement date. For further information call 1-800-387-4765.

Are you traveling and renting a car at your destination? You may wish to purchase your rental car insurance before leaving home. Under their Rental Car Insurance program, Manitoba Public Insurance Corporation coverage is available for rentals in Manitoba, Canada and the United States at rates that may be considerably less than those offered through rental companies. Check with your Autopac agent for details or call 985-7000 in Winnipeg, or toll-free at 1-800-665-2410. You may also visit their website at www.mpi.mb.ca. Brochures will be available at the President’s Reception.

UMRA Membership

We have been very pleased with the number of persons who have joined UMRA since its first AGM in 2004. Our most recent statistics show that between January 2007 and January 2008, our total membership has grown from 222 to 338, an increase of 52%. Of the 338 total members, 124 are Active members who pay dues annually, 93 are Life Members who paid a one-time fee of $100, and 121 are Inactive members. Most of the Inactive members live outside of Winnipeg (either in other communities in Manitoba or outside the province). Although members living at a distance from Winnipeg are unlikely to participate in the activities of the Association, their interest and support is greatly appreciated. Membership in UMRA is available to any person who has retired from the University and that person’s spouse/partner.

Next President’s Reception:

The next President’s Reception for Retirees will be held on Saturday, October 26, 2008, in Marshall McLuhan Hall, Room 204, University Centre, Fort Garry Campus, starting at 2:00 p.m.

We are very fortunate that our guest speaker, Dr. Allan Ronald, who was scheduled to speak to us in October, will be able to be with us for this event. The focus of his presentation will be “Global Health – A Role for Manitoba.”

We are very much aware of the health pandemics, such as HIV and more recently SARS, which affect people around the world. While such pandemics have their most dramatic impact on resource-constrained societies, no country is immune from their occurrence within its borders. Consequently, it is important for all nations and the jurisdictions within them to have the structures and systems in place to effectively combat pandemics whenever they arise, in order to achieve the desired outcomes with compassion and empathy.

This presentation is based on the work Dr. Ronald and others in the Department of Medical Microbiology in our Faculty of Medicine are doing in combating the HIV/AIDS pandemic in Africa. In 1980, before we in North America were aware of HIV/AIDS, Dr. Ronald was instrumental in establishing the University of Manitoba/University of Nairobi World Health Organization Research and Training Program in Sexually Transmitted Diseases. This program has been called the most important research site in the developing world.

Recently retired but still very active, Dr. Ronald has had a distinguishing career in medicine, science, administration and education, most of it with the Department of Medical Microbiology in the Faculty of Medicine at the University of Manitoba. He has received numerous awards in recognition of his outstanding contributions to the combating of pandemics, including the Order of Canada, Fellow of the Royal Society of Canada and the F.N.G. Starr Award, the highest award of the Canadian Medical Association. Following Dr. Ronald’s presentation, Dr. Emoke Szathmáry, President and Vice-Chancellor, will bring us up to date on happenings at the University. This being the last President’s Reception for Retirees which Dr. Szathmáry will attend as President and Vice-Chancellor of our University, we invite you to join us in a special tribute for her ten years of support of University of Manitoba retirees.

At the reception which follows, there will be plenty of time to meet with your former colleagues and friends. Remember—your spouse/partner is most welcome to attend this event. Also, be sure to invite those survivors of retirees whom you know. You are asked to RSVP by April 18th by calling Linda Lassman at 474-9124 or e-mailing her at linda_lassman@umanitoba.ca.
