Rady Faculty of Health Sciences faculty, staff and students are invited to a presentation by College of Rehabilitation Sciences alumna Nadine Blankvoort

Internationalization and Diversity in Occupational Therapy Research and Education in the Netherlands

Wednesday, February 22, 2017 12:00PM - 12:30PM

Theatre B · Basic Medical Sciences Building · Bannatyne Campus

Presentation to be delivered by Skype
Facilitator: Reg Urbanowski, Dean, College of Rehabilitation Sciences
RSVP: Isadora.ferreira@umanitoba.ca

Speaker: Nadine Blankvoort [MOT/11]
Instructor and researcher at Amsterdam University of Applied Sciences (AUAS)

Since completing her Masters in Occupational Therapy at the University of Manitoba, Nadine Blankvoort has worked in the areas of clinical rehabilitation, as well as community development. In 2012, she completed the Global Health Masters program at Maastricht University, with research conducted in Surabaya, Indonesia. Nadine has since been involved in projects based in Bangalore, India around the improvement of health circumstances for individuals living in urban slums.

She is currently employed as an instructor and researcher at Maastricht University master program in Global Health and the Amsterdam University of Applied Sciences, where she works as an instructor in the Occupational Therapy School and the interdisciplinary minor Global Health.
