The University of Manitoba is excited to launch the Clinical Educator Appointment Program, which recognizes the essential role that practicing OT, PT and RT clinicians play on the teaching team for the occupational, physical and respiratory therapy programs at the College of Rehabilitation Sciences (CoRS).

If you are a practicing OT, PT or RT clinician who has shown commitment to the development of CoRS students through providing quality clinical/fieldwork education, you may qualify for one of the following university appointments:

- Clinical/Fieldwork Educator
- Senior Clinical/Fieldwork Educator

Please visit the CoRS website for details.
