Faculty, staff and students are invited to a presentation by Patrice Aubertin

ILLUMINATE SPEAKER SERIES

BETTER UNDERSTANDING THE SCIENCE OF CIRCUS ARTS:
COLLABORATIVE WORK BETWEEN THE COLLEGE OF REHABILITATION SCIENCES, THE UNIVERSITY OF MANITOBA AND THE NATIONAL CIRCUS SCHOOL

APRIL 27, 2018
2:00PM - 3:00PM

Frederick Gaspard Theatre A
Streamed online: http://talbot.cc.umanitoba.ca/legacy/bann/theatre_a/

Speaker: Patrice Aubertin
Director, Center for Research, Innovation and Transfer in Circus Arts

Using an applied science framework, NCS and UofM have developed, since 2013, a strong relationship to better understand the science behind the Circus Arts. This presentation will provide an overview of some of the past and ongoing projects pertaining to high level training optimization in the performing arts.
