WE INVITE YOU TO APPLY...

Honouring Dr. Juliette Cooper’s contributions to the University of Manitoba, the Dr. Juliette Cooper Visiting Scholar Program creates support for research carried on in the College of Rehabilitation Sciences by inviting Scholars from other universities, research centres, institutes, or clinical centres who have expertise to share. While here, Scholars will engage in research together with our faculty and mentor our graduate students. You will explore and contribute to the college through your research that aligns with our College Research Strategy.

Visiting Scholars may stay up to one year with possibility of one year renewal and will be provided with an honorarium, as well as library privileges, access to fitness services, and an office space.

For more info, visit http://umanitoba.ca/rehabsciences/Juliettecooperlectureship.html or contact Reg Urbanowski, Dean at: reg.urbanowski@umanitoba.ca

February 1 Submission deadline
March - May Applications reviewed
June 30 Applicants notified
CoRS INFORMATION

The Department of Respiratory Therapy is a part of the College of Rehabilitation Sciences. Located in our own newly completed state-of-the-art facility, we are situated adjacent to the Health Sciences Centre, a major teaching and research hospital serving Manitoba, Northwestern Ontario, and Nunavut. With a rich history of research and graduate education in Physical Therapy and Occupational Therapy, CoRS is developing a strategy to grow a research program in the area of Respiratory Therapy.

U OF M INFORMATION

Since 1877, the University of Manitoba has been driving discovery and inspiring minds through innovative teaching and research excellence. Proudly located in the heart of Canada, the U of M has a strong and engaged community of students, faculty, staff, alumni, donors and community partners. With more than 140,000 alumni living in 137 countries, our impact is global.

Since the fall of 2017, there are 25,065 undergraduate students attending the University of Manitoba in addition to 3,721 graduate students. We are culturally diverse with 17.9 percent of students registering as international from 122 countries. Presently, there are 9,235 total staff, 5,378 academic staff, 3,857 support staff and 1,150 full-time faculty members.

WINNIPEG INFORMATION

Winnipeg is the capital city of the Province of Manitoba, and is at the geographical center of North America. Winnipeg is a culturally diverse city with more than 100 languages and nationalities represented throughout the region. There are 765,800 people residing in the City of Winnipeg with 842,900 people in the census metropolitan area. Although population makes us a medium-sized city, Winnipeg is known as one of the most cosmopolitan centres in Canada with no shortage of things to do. A robust arts scene features the Royal Winnipeg Ballet and the Royal Winnipeg Symphony Orchestra, as well as countless galleries and museums including the Canadian Museum for Human Rights. Winnipeg’s restaurant selection is also second to none, with several internationally renowned restaurants and every type of ethnic dining imaginable. If it’s sports you’re after, Winnipeg is the home of the NHL’s Winnipeg Jets, the CFL’s Winnipeg Blue Bombers, and the American Association’s Winnipeg Goldeyes baseball club. And, Manitoba is a mecca for camping, hunting, fishing, boating and lake life in “cottage country”, with easy to access spots as close as a 30-minute drive. We have stunning, hot summers, and brisk but beautiful winters, with the beauty of spring and fall in between.
