CPR – BLS Requirements

Proof of current CPR certification at the Health Care Provider Level is required of all students registered in the program.

Heart and Stroke BLS - Basic Life Support for Health Care Providers Level C is the only certification recognized by the RT program

No other certificates will be accepted.

The specific requirements for each year in the RT program are set out below.

All students are assigned to clinical practicum placements provisionally, pending compliance with the CPR requirements of the RT program. Failure to meet the requirements on the first day of class will result in the delay and possible exclusion of placement into a clinical course.

Clinical courses occur at different times of the year in each year of the RT program. Certification must be valid for the entire academic year; therefore all RT students must recertify in CPR in May, June or July depending on which year of the program they are in. See the schedule for your year:

Year 1 - CPR should not be obtained before June 1st, as it must be valid for the entire academic year.

Year 2 - CPR should not be obtained before July 1st, as it must be valid for the entire academic year

Year 3 - CPR should not be obtained before July 15th as it must be valid for the entire academic year.

Students must provide proof of CPR recertification each year that you are in the program.

Please email your electronic Canada Heart and Stroke BLS Healthcare provider level “C” card to Darlene at Darlene.bowes@umanitoba.ca before the first day of school.

Students who do not meet the deadline for their year will not be permitted to enroll in clinical courses.

Please note that there is a cost to obtain this certification, as well as a time investment in complying with these requirements.
Joe Doupe Recreation Centre

Joe Doupe Recreation Centre is pleased to offer First Aid and CPR training courses to Bannatyne Campus students.

Students in your faculty are eligible to receive a special rate on all courses and we provide a rebate to your student council in return for your business.

The rebate is based on registration numbers from your faculty, so we provide a large range of dates and times to meet your schedule needs.

For further information, please view our website: http://umanitoba.ca/faculties/kinrec/recreationservices/certifications_cpr.html

CPR dates may not be currently listed on the website so please check back frequently.
