Researchers must follow their unit's new electronic grant submission process.  
All proposals applied for must be accompanied by a Funding Application Approval Form (FAAF)
and must follow the deadlines (unless otherwise posted).

As a reminder, below are the ORS deadlines for submitting research proposals and FAAFs.

For large, complex grant applications (e.g., tri-agency major programs, those that require matching funds and/or additional institutional support, etc.)
   • 10 working days in advance of agency deadline

For other regular and/or ‘rolling’ and one-time grants:
   • 5 working days in advance of agency deadline

Also as a reminder, researchers should work with the University’s Research Facilitators early in the proposal development stage, for assistance in strategic research planning and proposal review.

For more information on ORS procedures and who to contact, please visit the ORS Website at http://www.umanitoba.ca/research/ors
