**INTERNAL GRANTS:**

- **2019 CIHR - Tri Agency Bridge Funding Grant Competition**

  This program provides funding for the further development of unsuccessful CIHR Project Grant applications in the Spring 2019 competition, to ensure future success. VPRI will match faculty fund contribution 2:1 up to $40,000 per application maximum. *Please note. FAAF’s are not required for internal grant programs.*

  **Application Deadline:** October 15, 2019, 4:30pm
  **ORS Contact:** Jackie Cooney-Birch, Research Grants Officer (CIHR), (Interim for this competition only), Jackie.Cooney-Birch@umanitoba.ca

**INTERNATIONAL GRANTS:**

- **Shastri Global Initiative for Academic Network (GIAN)**

  Application is now open for the Global Initiative for Academic Network (GIAN). The Shastri Indo-Canadian Institute is a binational organization that promotes understanding between India and Canada through academic activities and exchanges. The GIAN is to encourage Canadian faculty members, scientists and entrepreneurs to deliver short courses at an institution in India for one or two weeks in 2020. Value of the funding
ranges from US$8,000 to $12,000. The call involves a matching process where a proposal would need to be submitted by a Canadian faculty member, and it will be matched with a host institution depending on the keywords / subjects of the proposal. If a host institution has not been identified, the GIAN coordinators will decide on the basis of any request received by any host institutions in India. SSHRC will be holding a series of webinars for applicants and research administrators on upcoming Partnership and Connection grants’ funding opportunities.

Researchers must follow their unit’s new electronic grant submission process.

All proposals applied for must be accompanied by a Funding Application Approval Form (FAAF) and must follow the deadlines (unless otherwise posted).

As a reminder, below are the ORS deadlines for submitting research proposals and FAAFs.

For large, complex grant applications (e.g., Tri-agency major programs, NIH, US Department of Defense and those that require matching funds and/or additional institutional support, etc.)

- 10 working days in advance of agency deadline

For other regular and/or ‘rolling’ and one-time grants:

- 5 working days in advance of agency deadline

Also as a reminder, researchers should work with the University’s Research Facilitators early in the proposal development stage, for assistance in strategic research planning and proposal review.
