

Posting Date: 13/02/2020

The University of Manitoba has issued a call for proposals from faculties for Canada Research Chairs (CRCs). In response to this call, the Department of Internal Medicine has strategically developed the following internal open call for Tier 1 CRC applicants, who have the highest potential for success for us as a department at securing a CRC.

Tier 1 Canada Research Chair, Professor or Associate Professor, Department of Internal Medicine, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba

The Department of Internal Medicine, Max Rady College of Medicine, Rady Faculty of Health Sciences, University of Manitoba is accepting applications for a Tier 1 Canada Research Chair (CRC), established by the government of Canada to enable Canadian universities to foster research excellence (www.chairs-chaires.gc.ca). With this Chair, the department intends to build on the University of Manitoba strategic priorities and contribute to the University's effort in meeting and sustaining its current equity and diversity targets.

It is expected that the Chair will work collaboratively with researchers across the University of Manitoba and beyond, to generate and facilitate the use of research knowledge to improve/advance the department's strategic priorities as it pertains to the University of Manitoba's Strategic Research Plan: http://umanitoba.ca/research/media/Strategic_Research_Plan.pdf.

Interested applicants are requested to submit their CV and research accomplishments and reference letters by Sunday, March 15, 2020 to the contact person indicated below.

The University acknowledges the potential impact of [Career Interruptions and Personal Circumstances](#) can have on an applicant's record of research achievement. We encourage applicants to explain the impact of any such interruption(s) in their submission. Measures will be taken to ensure that these interruptions will be taken into careful consideration during the evaluation process. The CRC Nomination Selection Committee will receive equity training that includes instruction on how to recognize and combat unconscious, implicit, overt, prejudicial and other kinds of bias.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however Canadian citizens and permanent residents will be given priority.

If you require accommodation supports during the recruitment process, please contact UM.Accommodation@umanitoba.ca or 204-474-8371. Please note this contact information is for accommodation reasons only.

Nomination Selection and Assessment:

Applications will be reviewed by the CRC Selection Committee, which is established as per the criteria established by the CRC. The Committee will make a recommendation as to which Applicant to put

forward for consideration by the University's Nomination Selection Committee, consisting of the Vice-Provost (Academic Affairs), the Associate Vice-President (Research), the Vice-President (Research and International), and the Provost and Vice-President (Academic), with the VPRI as chair of this Committee.

Assessment Criteria:

Applications are invited from persons holding tenured or GFT positions within the University of Manitoba at the rank of Professor, or Associate Professor where the individual is expecting to be promoted to Professor within one or two years of the nomination.

To meet the criteria of the program, nominees must:

- be outstanding and innovative world-class researchers whose accomplishments have made a major impact in their fields;
- be recognized internationally as leaders in their fields;
- have superior records of attracting and supervising graduate students and postdoctoral fellows (taking into account different practices in the relevant field or discipline) and, as chairholders, be expected to attract, develop and retain excellent trainees, students and future researchers; and
- be proposing an original, innovative research program of the highest quality.

The selected applicant name, and accompanying documentation will be sent to the Office of the Vice-President (Research and International) for final decisions using the [Assessment Grid for Tier 1 CRCs at UM](#).

Timelines:

March 15, 2020: CRC Proposals due to department

March 16 – March 20, 2020: Internal selection review period

April 20, 2020: Unit submission to VPRI of the best nominee for a Tier 1 CRC

May 8, 2020: Decision by the UM's Nomination Selection Committee

September, 2020: CRC Nomination due date
