

Dear Parents,

As we prepare to welcome new and returning students to residence this Fall, we know that our UM parents have questions about the residence experience their student is about to embark on. Normally, we get a chance to answer those questions in person, talk candidly about the first year experience, residence life and meet our residence parents face-to-face during our move-in weekend festivities and annual Parent Orientation.

With everyone's safety as our top priority, we have modified the way our residents traditionally move in to residence this year and have eliminated check-in lines and large gatherings and events have been scaled down. Although we will not be hosting an in-person Parents Orientation this year, we do want to provide you with important information about residence life and give you the opportunity to ask questions.

We have compiled some information on this page that we think will be useful as you send your student away to live here on campus. If you don't find the information or answers you are looking for here – or anywhere else on our website – please feel free to e-mail me directly with any questions or concerns you might have.

On behalf of the entire Student Residences team we welcome you and your student to University of Manitoba and look forward to meeting them soon!

Best regards and stay safe,
