Reasons for Nomination:

The Committee identifies the general purpose of community engagement as being 'to enlarge and enrich the contacts between the University and all segments of the community'.

The individual being nominated has done this by (please check):

increasing access to the existing programs of the University,
extending the nature and range of the programs and services it offers,
sharing more effectively with the community the resources of the University
drawing on the talent, experience and resources within the community.

Please provide brief examples of community engagement activities using the framework above: (Please do not exceed this space)
