

RADY FACULTY OF HEALTH SCIENCES

# College of Nursing

## Bachelor of Midwifery Program

Through the College of Nursing, Rady Faculty of Health Sciences, you will develop the knowledge and skills you need to enter a fulfilling career in this rapidly changing and exciting health care environment. As a Bachelor of Midwifery graduate, you will be able to register throughout Canada for employment.

### BENEFITS

**Simulation Labs** – Apply the theory you’ve learned in a low-risk setting. Test your skills on mannequins that simulate a variety of conditions, complete with readings and reactions that provide crucial feedback.

**Exceptional Education** – Study with the best. Our faculty are involved in research that influences how healthcare is delivered in Manitoba and beyond.

**Midwives Association of Manitoba** – Build personal and professional relationships with your peers that will last a lifetime.

**Knowledge Keepers** – Receive guidance from our Knowledge Keepers. All students, faculty and staff at UM are welcome to access this holistic support.

## STEPS TO A CAREER IN MIDWIFERY

### Step 1: Complete pre-requisite coursework

Complete the 30 credit hours of required coursework as outlined in this brochure. If you completed these studies at another institution, your courses will be assessed by the Admissions Office upon admission to UM. Coursework must have been completed in the 10 years prior to admission.

### Step 2: Apply for admission

Visit [umanitoba.ca/explore](http://umanitoba.ca/explore) to apply for the Bachelor of Midwifery program online. **Note:** Indigenous peoples (Status, Non-status, Inuit, Métis), residents of Northern Manitoba can apply, but are not required to apply, to the Health Careers Access Program ([umextended.ca/health-careers-access-program](http://umextended.ca/health-careers-access-program)) to receive academic and personal supports in their pre-professional courses and beyond.

**CASPer® Situation Judgement Test.** Effective Fall 2022: Addition of CASPer situational judgement testing to the eligibility requirements. Information available at [takealtus.com](http://takealtus.com). Any inquiries on the test should be directed to [support@altus.as](mailto:support@altus.as).

### Step 3: Provisional admission

Successful applicants are required to submit Non-Academic Admission Requirements documentation. Admission to the program is conditional until completion and submission of these items. Admission will be revoked if all requirements are not met and all documents are not submitted to the College of Nursing by deadlines indicated.

### Step 4: Complete all courses in the Bachelor of Midwifery Program

Learn, grow and advance as a midwifery professional throughout your degree. Typically, it takes three years of study to complete the required 100 credit hours.

### Step 5: Professional designation

Graduation entitles you to take the Canadian Midwifery Registration Exam to become eligible to practice midwifery. Application and registration information can be obtained from the Canadian Midwifery Regulators Council website at [cmrc-ccosf.ca](http://cmrc-ccosf.ca).
