# TRADITIONAL TERRITORIES ACKNOWLEDGEMENT

The University of Manitoba campuses are located on original lands of Anishinaabeg, Cree, Ojibwe-Cree, Dakota and Dene peoples, and on the homeland of the Red River Métis.

We respect the Treaties that were made on these territories, we acknowledge the harms and mistakes of the past, and we dedicate ourselves to move forward in partnership with Indigenous communities in a spirit of Reconciliation and collaboration.

- Our main publication is our viewbook, a 40-page book for prospective students to gain information regarding programs, resources, admission requirements and much more
- Much of what we cover today will be referenced from the viewbook
- You may have already seen the 2024 viewbook arrive at your school or the wall charts. If not, there is an online version as well.

# When to Apply

- Applications for Fall 2024 admission will go live early **October 2023**
- Application Fee: \$100 for Canadian citizens/permanent residents (\$120 for international applicants)
- Application deadline is **March 1, 2024**
- Exceptions:
  - Deadline for Music: **January 15, 2024**
  - Deadline for University 1: **August 1<sup>st</sup>, 2024**
- Some scholarship applications, such as the BMO Leader of Tomorrow scholarships, require students to apply for admission by earlier deadlines (**Dec. 1, 2023**)

# Application Portal Overview

Create an **account** in the application portal

**Application fee** must be paid before the deadline

Document deadlines will be listed in the **student's portal**

Students will **receive an email** anytime there is an update on their application

# Conditional Offers

- Based on self-reported grades
- Issued in **December – March**
- Conditional offers of admission may be issued to select early applicants who apply to select programs between **October and March 1**
- Considered “conditional” because the offer is on the condition that the student still meets the admission requirements once **official grades** are provided by their school

# Grade Requests

## Manitoba

- Individual schools and divisions will be asked to provide interim grades for students who have applied to UM by **March 1**
- **End of March:** School can expect grade request from UM, for students who applied by March 1
- **Mid-April:** We encourage grades to be sent by this time so decisions can be processed based on official grades
- **Mid-June:** Additional grade request will be sent for all final grades and graduation details

## Out of Province

- Grades are not sent automatically, and the student must **request** that the school send them

## Admission Offers

- Admission offers are provided based on **interim grades**: final first semester grades and midterm grades from second semester
- Students receive **official offers** of admission in **May-June**
- Most students **must accept** their offer by June
- Final grades are **reviewed in late June** — if a student still meets minimum eligibility for their program, offer stands

# Steps to apply

## 1. Apply

- Review admission requirements and prerequisites
- Apply online by March 1
- **Self-report grades** & upload documents
- Application fee:
  - \$100 – Domestic
  - \$120 – International

## 2. Submit documents

- Check application portal for requirements
- Submit required documents
- **Applying by March 1?**  
Your school will submit the student interim & final grades!

## 3. Accept offer

- Admission decisions, **based on the students interim grades**, offered in May-June
- Accept offer by the deadline
- Review of final grades
- Attend Next Steps webinars

ECON 1020 Introduction to Macroeconomic Principles	3
MATH 1524 (M) Mathematics for Management and Social Sciences (see <i>Tips for Choosing Courses</i> )	3 + lab
STAT 1000 (M) Basic Statistical Analysis 1 or STAT 1150 (M) Introduction to Statistics and Computing	3 + lab
Written (W) course (excluding ARTS 1110 (W), GMGT 1010 (W), and GMGT 2010 (W))	3
GMGT 1010 (W) Business and Society	3
Non-Business electives (see <i>Tips for Choosing Courses</i> )	6
<b>Total Credit Hours</b>	<b>24</b>

Admission to the Asper School of Business under Track 1 requires 24 graded credit hours of university-level courses listed in the chart above.

Admission to the Asper School of Business under Track 2 requires 24 graded credit hours of courses.

- Track 2 is intended for students who are missing one or more of the courses listed in the chart above, but who have completed a minimum of 24 graded credit hours of university-level courses.
- Admission under Track 2 is limited and more competitive than admission under Track 1.

#### TIPS FOR CHOOSING COURSES

- MATH 1524 (M) is the preferred MATH course for Asper students; if MATH 1524 (M) is not chosen, then students must present MATH 1230 (M) or MATH 1500 (M) or MATH 1510 (M) or the former MATH 1520 (M) and MATH 1300 (M) for admission.
- In the Asper School of Business, a Non-Business elective is any course at the 1000-level or higher, taught in a faculty other than Asper. Choose your non-Business elective(s) from the **Recommended Introductory Courses List**.
  - Courses chosen for this requirement must be different from courses taken to fulfill other degree requirements. If MATH 1524 (M) was not taken, then MATH 1300 (M) must be one of the courses toward the 6 credit hours of non-Business electives.
- Choose your **Written (W) course** from the **Recommended Introductory Courses List**.
- Students taking a full course load (30 credit hours) are recommended to also take the following 6 credit hours of core courses:
  - GMGT 2070 Introduction to Organizational Behaviour (3)
  - MKT 2210 Fundamentals of Marketing (3)
- Students interested in Indigenous Business Studies should complete INDG 1220 and/or INDG 1240 as non-Business elective(s).
- Students interested in Actuarial Mathematics should complete MATH 1300 (M) (or MATH 1220 (M)) and MATH 1700 (M) (or MATH 1232 (M)) as they are prerequisites to upper year courses in the program. These courses may count towards the Track 1/Foundation Course requirement or alternatively as electives in University 1. Before registration, all students interested in Actuarial Mathematics should consult the **Director of the Warren Centre of Actuarial Mathematics**.
- **Advanced Placement (AP) or International Baccalaureate (IB)** credit may be used to reduce the first year course load and to meet prerequisites for 2000-level courses, where applicable.
- Contact an **Academic Advisor** in the First Year Centre to find out if you can use the Summer Term to complete the admission requirements for your target degree.

#### HIGH SCHOOL PREREQUISITES FOR UNIVERSITY-LEVEL COURSES

Minimum 60% required in:

- Math 40S (Pre-Calculus)

If you are missing a high school prerequisite or did not achieve a sufficient grade for prerequisite purposes, you have the option to **upgrade** your high school course.

#### HOW TO APPLY

Please refer to the **Admissions** page to:

- Review the **2024-2025 Advanced entry admission** requirements, which outline detailed application information, deadlines, and minimum requirements that students must meet to apply to this program.
- Submit your application for admission.
- Admission requirements may change from year to year. We encourage you to regularly review the Advanced entry admission requirements for your target degree/program to ensure that you are getting the most current admission information.

#### MINIMUM TIME TO GRADUATION

- 4 years (120 credit hours).
- **Co-op** may extend your studies by an additional term(s).
