

Application Process Review

Verna Kroeker, Student Recruitment Officer

**University
of Manitoba**

Application Timeline

- **October 1:** Applications for Fall 2020 admission open
- **October 1 – March 1:** Students apply for admission
- **December – March:** Conditional offers of admission issued to select early applicants
- **March 1:** Application/entrance scholarship deadline (Jan. 15 for Music)
- **Late March:** Admissions requests final first semester grades and midterm second semester grades for Manitoba students who have applied before March 1
- **May:** Admission offers are issued
- **June 1:** Students accept offers of admission
- **Mid-June:** Admissions requests final grades

Application Tips

- No need to submit application for both a Direct Entry faculty and University 1 – students are automatically considered for U1 when they apply to a Direct Entry program
- Apply early for housing – applications open in November and are allocated on a first come, first served basis
- Students should use an easily accessible email address in their application (do not use a family email address or high school domain)
- *New - Students are required to include their MET number in their application – found on the top right hand corner of their report cards

Application Tips

- Have students fill out the graduation information – indicate they will be graduating from your school and the month and year that they will graduate
- Students who are doing an independent study option (ISO) course (online high school) – be sure to declare it in the application (Education section) and submit this transcript separately
- Gap year and deferrals – we do not defer admission. If a student is not intending to start University the intake they are applying for, please advise them to wait and apply later
- Students should upload as many documents as they can in the application portal (English Language proficiency, transcripts, PR status etc.)

Benefits of Self Declaring

- Will be considered for need or merit based awards such as scholarships, fellowships, prizes and bursaries dedicated to U of M students who are Indigenous
- Receive communications about leadership & mentoring opportunities, jobs, cultural activities, tours, Elders, supports and much more
- Provides statistical information that allows the U of M to better understand the Indigenous population on campus
