

Supporting our Students: On-Campus Resources

Kerri Gregoire, Lead Student Recruitment Officer

**University
of Manitoba**

Accessibility Services

Student Accessibility Services (SAS) provides supports for students with disabilities and helps to foster success for their academic future.

- Notetaking program
- Exam accommodations
- Assistive technology
- Peer Mentor Program
- Making accessible documents
- Transportation

How can you help?

Arranging for academic accommodations and support takes time. We highly encourage students to contact SAS before they apply and immediately after accepting offers of admission.

- Step 1: Submit the Disability Assessment Form
- Step 2: Meet an accessibility advisor
- Step 3: Communicate with instructors
- Step 4: Follow up if more help is needed
