This bulletin is available with, and constitutes part of, the application. It is assumed that all applicants have read and understood it prior to submitting the completed application.

Programs Offered: Doctor of Dental Medicine (D.M.D.)
Section 2: Eligibility Requirements

A. Academic Requirements

All applicants must meet the following requirements:

1. Completed Coursework

(i) The successful completion of a minimum of 60 graded credit hours of university degree level studies

(ii) The successful completion of a minimum of 2 Regular Fall/Winter sessions of university degree level course work, where each Regular Fall/Winter session contains a minimum of 24 new and graded credit hours; or completion of the academic requirements of the University of Manitoba Health Careers Access Program (accessible to applicants of the Indigenous populations of Canada)

(iii) The successful completion of the 42 required credit hours (or equivalent) as listed in the Required Courses table (see Section 2: Eligibility Requirements, A. Academic Requirements, 3. Required Courses)

Students may file an application for admission to the Dr. Gerald Niznick College of Dentistry during the university academic year, assuming they will satisfactorily complete these requirements at the April examinations of the year for which application is made. Only those applicants who have completed all of the requirements by the end of the April examinations and granted an interview will be considered in the final selection process.

NOTES: Relating to Completed Coursework

a. Applicants may request elimination of their first program of study if there is an eight year gap between last registration in their first program and the beginning of registration in their second program of study (See Section 4: Selection Process, B. Calculation of the Adjusted Grade Point Average (AGPA)).

b. Upon written submission at time of application, Advanced Placement/International Baccalaureate (AP/IB) courses can be used to fulfill core course requirements. However, AP/IB courses shall not be used to fulfill the minimum new 24 credit hour requirement (see Section 2: Eligibility Requirements, A. Academic Requirements, 1. Completed Coursework).

c. Two-year or three-year diploma program course work cannot be used to fulfill the two year 24 credit hour requirement.

2. Canadian Dental Aptitude Test (DAT)

All categories of applicants seeking admission for the 2021-2022 session MUST have written, and met the minimum results of the Canadian English Dental Aptitude Test (DAT), sponsored by the Canadian Dental Association (CDA), no later than November 2020, in order to be eligible for consideration (see Section 4: Selection Process, C. The Results of the Canadian Dental Aptitude Test (DAT)).

For those applicants who are granted an interview for the 2021-2022 selection, the best single Canadian English DAT scores obtained between February 2018 and February 2021 inclusive will be calculated in the overall score.

Students may elect to retake the Canadian English DAT in February 2021, however, the results of the February 2021 Canadian English DAT will only be considered in the final selection process for those to whom interviews were granted. Application forms and complete details on the Canadian English DAT may be obtained from the Canadian Dental Association website at: www.cda-adc.ca

**Section 4: Selection Process**

**A. Citizenship and Residence**

The Admissions Committee gives priority to Manitoba applicants. The University of Manitoba defines Manitoba applicants as those who:

- have graduated from a Manitoba high school; or
- prior to application, have a recognized degree from a university in Manitoba; or
- prior to application, have completed a minimum of two consecutive years of full-time academic studies in a recognized program at a university in Manitoba, while physically residing in Manitoba; or

A minimum of 25 of the 29 positions in the first year dental program will be allocated to Manitobans. In any deliberations, the closing date of applications is to be regarded as the official date governing the determination of a candidate’s citizenship or residence status.

**B. Calculation of the Adjusted Grade Point Average (AGPA)**

**Applicants with two years of pre-dental studies:**

\[
\frac{(2 \times \text{average on the CORE courses}) + (1 \times \text{average on lowest year}) + (3 \times \text{average on best year})}{6}
\]

**Applicants with three or more years of pre-dental studies:**

\[
\frac{(2 \times \text{average on the CORE courses}) + (0 \times \text{average on lowest year}) + (3 \times \text{average on best year}) + (1 \times \text{average on each remaining full academic year of studies})}{\text{six (or seven or eight etc., as appropriate)}}
\]

**NOTES: Relating to AGPA Calculation**
a. It is the applicant’s responsibility to inform the Admissions Office in writing of any deferred exams or grade changes. All final grades, including grade changes must be submitted to the Admissions Office by the document deadline in order for them to be included in the final selection process. Grade changes will not be accepted after the documentation deadline date. If a grade is not available by the documentation deadline date, an ‘F’ grade will be used in the final admission determination and calculation.

b. The grades from a minimum of 24 new credit hours (never previously taken) per regular Fall/Winter session (September - April) must be submitted for a year’s average to be included in the ranking process.

c. Courses graded “Satisfactory”, “Pass/Fail” will be excluded from the Core Avg, the AGPA and the sessional credit hour count and will not be considered for meeting any of the admissions requirements.

However AP/IB courses shall not be used to fulfil the minimum new credit hour requirement (see Section 2: Eligibility Requirements, A. Academic Requirements, 1. Completed Coursework, b).

e. Six credit hours of core courses (the equivalent of one full year course) may be repeated and the higher grade(s) obtained will be used only in the core course average computation. If more than six credit hours of core courses are repeated (the equivalent of one full year course), all additional grades will be averaged in the core average computation only.

f. An applicant, upon written submission at the time of application, may request the elimination of grades completed at least eight years prior to the commencement of a more recently completed program of studies for the purpose of calculating the Adjusted Grade Point Average. All academic requirements, as stipulated in Section 2: Eligibility Requirements, must be met in the more recently completed program of studies.

c. The Results of the Canadian Dental Aptitude Test (DAT)

In the interview selection process applicants will not be considered for admission if they have, in the best Canadian English DAT score a PAT score of less than 14.

G. Tie Breaking Procedure for Offers

In the event of a tie, the following procedure will be used:

1. Increase the number of significant figures used in the calculation.

2. Where a tie still exists, the application that was received first will be used to break the tie. All completed applications are time stamped upon submission; in the case of a paper application, these applications will be time stamped after they have been entered into the system by a University of Manitoba Admissions Office staff member.

H. Notification of Decision

Decisions will be posted to the applicant’s portal. Applicants must log into their application portal to view the decision and to accept or decline their offer. If the offer is not accepted and the subsequent deposit paid by the deadline date indicated in the letter, the offer will lapse. Lapsed offers will be considered a declined response. It is imperative that emails and application portals are regularly checked.

Applicants offered admission will have 5 business days to respond and will be required to pay a non-refundable deposit of $1000.00 to indicate their acceptance of the offer. This deposit will be credited to first year fees or forfeited if the applicant subsequently declines.

I. The Incoming Class of 2020

In 2020, of the 245 applications received for the first year Dentistry class of 29 students, 90 applicants were short listed and granted an interview.

Section 5: Reconsideration & Appeals

Individuals who wish to have their applications reconsidered should submit their request to the Chair of the Selection Committee. Past experience has shown that most inquiries can be satisfied at this level without further reference. Persons wishing reconsideration of the decision of the Selection Committee shall direct their request to the Chair in writing within ten (10) business days of the posted decision date (see Section 8: Contact Information for Faculty contact).

Should the student wish to pursue the reconsideration decision of the Selection Committee further, such an appeal will be made in accordance with the Senate Committee on Admission Appeals Procedures. http://umanitoba.ca/admin/governance/governing_documents/students/admission_appeals.html

Applicants are advised that appeals of reconsideration decisions by the Senate Admissions Appeal Committee focus on questions of correct adherence to published policies and procedures by the Committee of Selection, and NOT on subjective issues or the relative merits of the application.

Section 6: Counselling of Applicants

The Dr. Gerald Niznick College of Dentistry and Admissions Office are able to assist applicants who seek counselling regarding admission to the Dr. Gerald Niznick College of Dentistry. However, it is policy not to instruct applicants as to a specific course of action they should follow, but rather to provide the information needed for applicants to make their own choice with
respect to the alternatives available. The following points require special attention:

1. Applicants are encouraged to discuss their plans with all who can usefully advise them, but they should be aware that second and third hand information about admission policies may not be accurate.

2. No official at the university can guarantee the admission of any applicant. Admission is determined by the Committee on the basis of an annual competition.

3. All applicants are advised to supplement any personal enquiries with a written request so that an official written response can be made. It is only these written responses which will be considered as evidence of any advice given (see Section 8: Contact Information).
