GENERAL ENTRANCE REQUIREMENTS FOR HIGH SCHOOL APPLICANTS

IF YOU ARE A HIGH SCHOOL STUDENT
If you’re coming to university directly from high school or have completed less than one year of university studies, you’ll take the direct entry route into a faculty or program: this means beginning in University 1 (U1), or applying to a program that offers a direct entry option. U1 is a unique approach to your first year at the U of M, giving you the opportunity to design an individualized schedule that meets the admission and/or first year requirements for one or more target degree programs. U1 will not add any time or cost to your degree; it serves as year 1 of any 3 or 4 year degree program.

THE MINNESOTA ADVANTAGE - RECIPROCITY AGREEMENT
The State of Minnesota and the Province of Manitoba have a reciprocity agreement which allows Minnesota residents to pay affordable Canadian tuition and application fees. For detailed information about tuition fees and to review eligibility requirements for the Minnesota reciprocity agreement, please visit: umanitoba.ca/admissions/international/usa-students.html

NO ACT/SAT REQUIRED
Students applying from the United States are not required to present ACT/SAT results as part of their application. All admission decisions are made on the basis of final high school grades.

APPLY EARLY
Students who apply before December 1 can submit their Grade 11/Junior Year transcript and an official grade scale from their high school to receive an interim offer of admission to certain programs. For more information, please contact international_students@umanitoba.ca

HIGH SCHOOL PREREQUISITES
Many programs require or recommend specific high school courses over and above their admission requirements. These high school prerequisites are not always required to enter the program, but must be completed in order to enroll in certain university courses once admitted.
