

Indigenous Circle of Empowerment is about creating pride and confidence in tomorrow's leaders. We believe that successful students and change agents need to be recognized not only by encouragement but by supporting them with resources, leadership training, and opportunities in order to nurture and support role model development. The leaders in the community need more than just encouragement, they need the confidence, know-how, and courage in order to make positive changes in the community, and I.C.E was developed to give the students that platform.

Coordinators:

Kali Storm —Director of the Aboriginal Student Centre

Tyler Shorting, Little Saskatchewan, 2nd year University 1

My name is Tyler Shorting, I am a 18 year old Ojibway from Little Saskatchewan First Nation. I am currently in my second year and am working towards entering the Faculty of Nursing and becoming a Registered Nurse. My career aspirations include giving back to my community, travelling, and promoting the Aboriginal Image. My main motivations are my family, community, and the Aboriginal Peoples. My personal achievements include graduating early, and having the opportunity to make my family and peoples proud.

Lindsay Bristow, Bloodvein, 2nd year Science (Hons)

My name is Lindsay Bristow and my spirit name is Black Eagle Woman. I am Ojibway from Bloodvein, Manitoba. I was born in Calgary, Alberta but moved to Winnipeg, Manitoba when I was only a few weeks old. I am currently in my second year of the Honours Psychology program but am also currently completing my medicine pre-requisites. My aspiration is to specialize in psychiatry and to one day open up my own private practice. I have overcome a multitude of obstacles and personal tribulations to get to where I am today, but my inner conviction reminds me that to accomplish anything great requires perseverance and to succeed requires future oriented focus. Every day, more and more successful Indigenous people enter society, leading by example. I strive to be one of those individuals; I want to help create change.

Do you have what it takes to be the next great Indigenous leader?

ICE Vision

To be proud, empowered Indigenous leaders that not only are role models to others on campus but in the community as well.

ICE Mission

To provide resources and opportunities to nurture and support leadership training, empowerment and role model development while promoting opportunities, self and community to others. To reward and recognize Indigenous students that demonstrate drive, determination, and that possess the qualities we want in the leaders of our future. We are more than a logo or student group, we are a movement.

Benefits of being an ICE member:

- Leadership skills training
- Networking with community leaders
- International travel possibilities
- Role modeling opportunities
