**B. Canadian Dental Aptitude Test**

All categories of applicants seeking admission for the 2012/2013 session MUST have written, and met the minimum results of (see section V.B.), the Canadian English Dental Aptitude Test (DAT), sponsored by the Canadian Dental Association (CDA), no later than November 2011, in order to be eligible for consideration.

Students may elect to retake the Canadian DAT in February 2012, however, the results of the February 2012 Canadian DAT will only be considered in the final selection process for those to whom interviews were granted. Application forms and complete details on the Canadian DAT may be obtained from the Canadian Dental Association website at: [www.cda-adc.ca](http://www.cda-adc.ca)

**C. Interview**

All eligible applicants, with potential for admission, will be interviewed as part of the selection procedure. Applicants must recognize that the applicant pool differs from year to year, and that the granting of an interview for one selection period does not guarantee the granting of an interview in future periods. Results of interviews will not be released to candidates and specific feedback will not be provided.

**D. English Language Proficiency**

All applicants, either Canadian Citizens or Permanent Residents, whose primary language is other than English must demonstrate that they are proficient in the use of the English language. ## VIII. COUNSELLING OF APPLICANTS TO THE FACULTY OF DENTISTRY

---

The Dean's Office of the Faculty and the Enrolment Services Office are eager to assist all applicants who seek counselling regarding admission to the Faculty of Dentistry. However, it is the Faculty's policy not to instruct applicants as to a specific course of action they should follow, but rather to provide the information needed for applicants to make their own choice with respect to the alternatives available. The following points require special attention:

1. Applicants are encouraged to discuss their plans with all who can usefully advise them, but they should be aware that second and third hand information about Faculty admission policies may not be accurate.
2. No official of the Faculty can guarantee the admission of any applicant. Admission is determined by the Committee on the basis of an annual competition.
3. All applicants are advised to supplement any personal enquiries with a written request so that an official written response can be made. It is only these written responses which will be considered as evidence of any advice given by the Faculty and/or Enrolment Services

## IX. RECONSIDERATIONS AND APPEALS

### A. Reconsiderations

Applicants may request reconsideration of any decision made by the Committee. Individuals who wish to have their applications reconsidered should, in the first instance, submit their request in writing to the Chairperson of the Committee for Selection, c/o Admissions & Recruitment, Faculty of Dentistry, D113-780 Bannatyne Ave., Winnipeg, MB, R3E 0W2, within ten days of mailing of the Committee decision. Past experience has shown that most inquiries can be satisfied at this level without further reference.

### B. Appeals

To appeal the reconsideration decision, the applicant must, within ten days of the mailing of the reconsideration letter, submit a request in writing to the Secretary of Senate for transmission to the Senate Admissions Appeal Committee.

The Senate Admissions Appeal Committee will only consider appeals regarding procedural matters and not regarding the relative merits of an applicant's application to the Faculty of Dentistry.
