| **Bison Sports Awards**                   | There are several Bison Sports awards that are given out each year at the annual Bison Sports Banquet, including MVP of each team, the Leadership and Community Development award (male and female), Bison rookie of the year (male and female), and Bison Athlete of the Year (male and female). | Annual (March-April) | Bison athletes only                        | 1. Ability to reflect  
2. Managing personal health and well-being  
3. Setting and pursuing goals | 1. Integrity, accountability & personal ethics  
2. Professionalism  
3. Self-concept | gebisons.ca                                                                 |
| **Concerto Competition**                  | The purpose of the awards is to encourage and recognize the high level of solo performance achieved by the students in the specified area of the Desautels Faculty of Music. | Annual (October-March) | Music students only                        | 1. Ability to reflect  
2. Managing personal health and well-being  
3. Setting and pursuing goals | 1. Professionalism  
2. Resilience  
| **Emerging Leader Award**                 | The Emerging Leader Award recognizes students who make outstanding contributions to the enhancement of the institution and the community. The award is presented to students who are committed to furthering the university’s educational mission by contributing to the social, cultural or economic well-being of communities on and/or off campus, while encouraging cross cultural understanding and demonstrating sustained leadership and initiative that is worthy of recognition. | Annual (March) | All students                               | 1. Presentation and facilitation  
2. Relationship building  
3. Verbal communication | 1. Adaptability  
2. Cultural fluency  
| **CREATE H2O Graduate Award**             | The CREATE H2O program for First Nations water and sanitation security is designed to address research science and training gaps that are preventing effective, culturally appropriate investments in water and sanitation security on First Nations reserves. The CREATE H2O program is the first science-engineering research training program in Canada that combines technical water and wastewater management training with Indigenous theory, law and methodological skills training. | Beginning of term (Fall, Winter, Summer) | Preference given to Indigenous students | 1. Presentation and facilitation  
2. Relationship building  
3. Verbal communication | 1. Adaptability  
2. Cultural fluency  
3. Sense of civic engagement | http://create-h2o.ca/                                                      |
| **CREATE H2O Undergraduate Award**        | The CREATE H2O program for First Nations water and sanitation security is designed to address research science and training gaps that are preventing effective, culturally appropriate investments in water and sanitation security on First Nations reserves. The CREATE H2O program is the first science-engineering research training program in Canada that combines technical water and wastewater management training with Indigenous theory, law and methodological skills training. | Beginning of term (Fall, Winter, Summer) | Preference given to Indigenous students | 1.
