CanU Law
CanU is an on-campus registered charity that runs an intensive out-of-school mentoring program that brings together youth who otherwise would not have this opportunity with university student mentors, facilitators, and coordinators; to enable both groups to develop to their fullest potential. CanU’s Law component is facilitated by a group of student volunteers from the Faculty of Law. These students deliver programming in an enthusiastic and engaging way, and further serve as coaches for the program’s mini-rock at the end of each lesson. These volunteers play an essential role in distilling complex legal language into accessible and easy to understand concepts; imparting a new-found aptitude for advocacy in many of the CanU Participants.

Twice a year (Fall, Winter)
Law students only

Community Health Information and Research Partnerships (CHRIP) Executives
Community Health Information and Research Partnerships (CHRIP) is a student-driven initiative that aims to support Winnipeg’s community-based organizations (CBOs) with their research, evaluation and information needs by connecting them to passionate students, faculty, and other resources at the University of Manitoba (U of M). CHRIP projects not only provide learning and networking opportunities for students, but also allow them to utilize their academic and classroom skills towards addressing barriers to health equity in Winnipeg. CHRIP is governed by an Executive council comprised of University of Manitoba, students, staff, and faculty. All members of the CHRIP Executive have experience conducting research, working/volunteering with local CBOs or both. The roles of the Executive include: developing, overseeing, and supporting CHRIP projects; promoting CHRIP services to CBOs and partnership development; strategy planning and budgeting; volunteer recruitment; volunteer management; and organizational evaluation.

Community Health Undergraduate Student Organization
The Community Health Undergraduate Student Organization exists to bring together students in the Interdisciplinary Health program and the Family Social Sciences program, to represent the students to the Faculty, Departments, and UMSU; to organize regular social events for the student; and to provide administrative assistance for basic student activities.

Annual (September-June)

Egerion Executives
The Egerion is an AMS student group. Student groups typically bring together students with a shared interest. The range of commitment and activities can vary year to year as they are typically decided by the group members and executive committee of the group. Egerion is a maths club that attempts to fill the gap between the maths communities at the U of M.

Annual (September 1–April 30)
All students
1. Time management
2. Conflict resolution
3. Self motivation

https://www.facebook.com/pg/Tig erionClub/Manitoba

Engineers without Borders Executives
If you are interested in social change and would like to expand your skill set consider joining Engineers Without Borders (EWB). Our mission is to fight poverty in sub-Saharan Africa by working with African partners to create positive change in the lives of millions of people. It is a daunting goal, but we believe that through constant innovation and humility we can achieve the change we envision. Executives of this group provide guidance on the direction of initiatives.

Faculty of Agriculture Students Organization
Students involved with the Faculty of Agriculture Students’ Organization (FASO) are elected representatives of the Faculty who are responsible for coordinating various volunteer efforts, charity events, socials, and other student events throughout the year. Members of the council are also responsible for sitting on various Faculty councils and committees, and stand as representatives for all students within the faculty at the various different departments. All council members are volunteers, and put on events such as our annual Bedpush Charity Fundraiser, Head Shave and Shine, and the first ever Hat Social, in addition to many other events throughout the year.

Annual (April 1-March 31)

Orange Shirt Day—Every Child Matters

Orange Shirt Day—Every Child Matters is inspired by the story of Phyllis Webstad, who had her treasured orange shirt confiscated during her first day at St. Joseph Mission residential school. Towards the goal of reconciliation, this annual event on September 30 is an opportunity to continue discussions, raise awareness, and reflect upon our own understanding of the thousands of Indigenous children impacted by residential schools and the legacy of intergenerational trauma. The College of Nursing hosts an awareness walk that extends from the Helen Glass Centre for Nursing to the National Centre for Truth and Reconciliation where nursing students deliver and renew their pledge of commitment towards working to improve Indigenous people’s health status. Students also learn about Indigenous speakers’ perspectives throughout the event. A BBQ follows the ceremony. The student’s role will include attending meetings, budgeting, consulting with catering, planning and advertising the event, writing letters to speakers, organizing student volunteers and updating other members of the team.

Annual (May 1-September 30)

All students

2 hours per week

1. Knowledge acquisition and construction
2. Relationship building
3. Project management

https://www.orangeshirtday.org/

Parks Club Executives
