## Job Opportunity

The Faculty of Agricultural and Food Sciences (FAFS), University of Manitoba, invites applicants to apply for the position of Glenlea Operations Manager.

The Glenlea Operations Manager is responsible to the Dean for the effective and efficient operation of all enterprises of the Glenlea Research Station and Farm, including field and livestock operations, bioproducts processing facilities and the Bruce D. Campbell Farm and Food Discovery Centre, to meet their research, education and outreach functions. The incumbent plays a leading role in short- and long-term financial, human, physical and biological resources planning to develop and maintain the Station and subsidiaries as state-of-the-art facilities for agricultural research, education and outreach. This position plays a pivotal role in the facilitation of future development and realization of research, teaching and outreach potentials in order to utilize the Faculty's investment in the Glenlea Research Station to its fullest extent.

Qualifications:

- B.Sc. in Agriculture or Agribusiness (M.Sc. preferred) with extensive knowledge of current management of livestock and crop production enterprises. An acceptable equivalent combination of education and experience may be considered.
- Five years of farm or agribusiness experience with a minimum of two years in a managerial role requiring responsibility of budget, financial planning, human resource and facilities management, preferably in an organization setting with public accountability.
- Excellent communications skills, a strong sense of leadership, effective problem-solving abilities and superior financial analysis and planning capabilities required. Must be able to develop and maintain key internal and external partnerships.
- Adequate physical condition for lifting, carrying and handling heavy objects up to 40 kg.
- Must be free of allergies to dander, dust, odours and ammonia.
- Must have a valid Manitoba Driver's License.
