Notes:

- 1. Graduate figures include students continuing in a course or thesis over more than one term.
- 2. Year in program is based on the length of time from the program start date, with three terms being a year. Year in program has been adjusted for parenting or exceptional leaves.
- 3. Students in an Individual Interdisciplinary Program (IIP) are shown under the faculty of their advisor. If the faculty does not offer a Ph.D. program, the student is shown under Graduate Studies.
- 4. New includes any graduate students starting in the Winter, Summer or Fall Term in 2011.
- 5. The Ph.D. in Food & Nutritional Sciences was replaced by two Ph.D. programs in Fall Term 2010 one in Human Nutritional Sciences under Human Ecology and one in Food Science under Agricultural & Food Sciences. Current students can elect to complete under the previous program.
- 6. The Applied Health Sciences Ph.D. is offered jointly by Human Ecology, Kinesiology and Recreation Management, Nursing and the School of Medical Rehabilitation.
- 7. The Cancer Control Ph.D. is offered jointly by the Faculty of Nursing and the Department of Community Health Sciences.
- 8. Students on an Exceptional or Parenting Leave are not required to register while on leave and are therefore not included in the Fall Term headcounts. They have been added as part-time students in this report only.
