## DEFINITIONS

### STUDENTS

#### **\*\* Significant Reporting Change \*\***

In 2006, the University of Manitoba introduced a new term-based Student Information System called Aurora. Prior to Aurora, reporting on students was based on November 1<sup>st</sup> and covered registration in the 26-week Regular Session (September to April). Reporting under Aurora is based on November 1<sup>st</sup> for the Fall Term (September to December) and March 1<sup>st</sup> for the Winter Term (January to April).

The **implication of this change** is that for official reporting purposes, both internally and to the Council on Post-Secondary Education and Statistics Canada, the November 1<sup>st</sup> Fall Term data are used. Caution should be exercised when comparing current data to data in earlier IS Books, as they are not strictly comparable.

#### **AURORA TERMS:**

**Fall Term:** 13 weeks, September to December, reported at November 1<sup>st</sup>.

**Winter Term:** 13 weeks, January to April, reported at March 1<sup>st</sup>.

**Summer Term: *Starting in 2007***, with the implementation of the new Student Information System (Aurora), Summer reporting transitioned to a simplified structure. Summer reporting is summarized for the period of May through August, and may not be strictly comparable to data from previous years.

**Summer: *Prior to 2007***, Summer was comprised of three sessions:

*Intersession* – 6 weeks, May to the middle of June.

*Summer Evening* – 12 weeks, May to July.

*Summer Day* – 6 weeks, July to the middle of August.

#### **UNDERGRADUATE STUDENTS**

Undergraduate students are those who qualify directly for admission to a degree, diploma or certificate program other than one offered under the auspices of the Faculty of Graduate Studies.

**Full-time students** are those who enroll in at least 60% of the normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

**Part-time students** are those who enroll in less than 60% of a normal full academic program for a term. Students who drop courses throughout a term to fall below the 60% mark are automatically re-classified as part-time. Prior to 1994-95, the criterion was 80%.

**Full-time equivalent (FTE) undergraduate students** are determined by the formula:  $FTE = \text{Full-time} + (\text{Part-time}/3.5)$ . This formula is consistent with the Council on Post-Secondary Education methodology.

**University 1** is a program in which most "new" students, with limited or no university study, register. Students must complete 24 credit hours under University 1 (and may complete up to 30), with a minimum cumulative GPA of 2.0, before transferring into a degree program. University 1 was introduced in 1998.

**Auditing students** are those admitted for the purpose of attending one or more courses for personal or professional interest and not for academic credit. Students are not entitled to evaluation privileges.

**Mature students** are those persons twenty-one years of age or older who do not meet the high school grades entrance requirements. Students admitted with this status are allowed to register in credit courses.

**Special students** are those who wish to enroll in a degree credit course for professional or personal interest but who are not seeking a degree. These students apply to General Studies (Extended Education) or to the faculty or school offering the course.

**Visiting students** are students who are registered at another institution who are taking one or more courses at the University of Manitoba on a Letter of Permission from their home university. These students generally apply for admission to General Studies (Extended Education).

**Sequential students** are students admitted directly following high school graduation.

**First Admission** reflects students who are new to the University of Manitoba, not those who are new to a particular program. Students registered previously in other programs are not included in First Admission.

**Undergraduate Student Credit Hours (UGSCH)** are the hours of weight associated with courses in the program of studies. Often there is a correlation between the lecture class hours and hours of credit. For example, a course carrying three (3) hours of credit may entail three (3) hours of lectures per week for the term.

**On load** refers to courses taught during the Summer Term which are included with the Fall/Winter terms for load unit purposes.

#### **ST. BONIFACE STUDENTS**

College Universitaire de Saint-Boniface (CUSB) is one of the founding colleges of the University of Manitoba. CUSB students are included in term headcounts only when taking courses at The University of Manitoba main campus.

### PRE-MASTER'S STUDENTS

**Pre-Master's students** possess a bachelor's degree but are required to enter a program of study to bring their academic qualifications up to the requirements for the Master's program. Students are normally counted as graduate students.

### GRADUATE STUDENTS

**Graduate students** are those admitted under the Faculty of Graduate Studies. Graduate students are considered to be **full-time**. Students can request **part-time** status by declaring either full-time employment or medical, family or other circumstances that make it impractical to study full-time.

**Occasional students** are those wishing to take graduate courses for their own interest or professional development, without applying the courses toward an advanced degree. Under special circumstances, an occasional student may apply for permission to have these courses applied to a graduate program.

### Joint Master's Program Students (JMP)

Established in 1976, the Joint Master's Program between the University of Manitoba and the University of Winnipeg serves to share resources for graduate work at the Master's level. Currently the program includes the disciplines of History, Public Administration and Religion. In Fall Term 2008, there were 109 JMP students, with 77 having their workload allocated to the University of Manitoba. In Winter Term 2009, there were 95 JMP students, with 66 having their workload allocated to the University of Manitoba. Tables in the IS Book use the workload figures unless specifically noted otherwise.

**Post-Graduate Medical Education (PGME) students** are physicians who have finished their undergraduate medical degree who are registered in clinical residency programs with the Faculty of Medicine. The number of students in this program varies through the year. The number of students active at November 1<sup>st</sup> is the number reported in the tables.

### STANDARD STUDENTS

**Standard students** are an alternative means of calculating full-time equivalent (FTE) students. Other jurisdictions may use the term "full course equivalent" students.

To determine the **undergraduate standard student** population in any faculty, the total credit hours taken by students registered in that faculty's courses are divided by the average program credit hour load for that faculty (average value weighted by full-time enrolment in all years of undergraduate programs).

To determine **graduate standard students** apply the following formulae:

Master's students in either of their first two registrations as Master's students count one (1) each.

Master's students in their third registration as Master's students count one-third (1/3) each.

Master's students who have registered for four or more years are not counted.

Ph.D. students in any of their first four registrations as Ph.D. students count one (1) each.

Ph.D. students in their fifth registration as Ph.D. students count one-half (1/2) each.

Ph.D. students who have registered for six or more years are not counted.

These measures of graduate standard students refer to columns A – D, respectively, on the 'Graduate Standard Students' table.

**Level of Instruction**, found in the 'Undergraduate and Graduate Standard Students by Level of Instruction (Fall and Winter Terms)' and 'Standard Students by Level of Instruction Undergraduate (Summer Term)' tables is determined as follows:

#### Most Faculties and Schools

Level I Courses numbered 0900-1999

## **STAFF**

### **ACADEMICS**

"Academic staff" as a general term includes one or more of the following: those with academic rank, lecturers, all levels of instructors, special academics and academic librarians.

Deans, Directors, and Administrators with academic rank are included in all analyses of academic staff unless otherwise noted.

Full-time, as it pertains to academic staff, is defined as an employee with a continuous, twelve-month appointment.

Part-time, as it pertains to academic staff, is defined as an employee with a sessional appointment of less than twelve months.

In the Faculty of Medicine, 'Geographic Full-Time' (GFT) staff are included in full-time.

**Academic Librarians** are academic staff in the libraries, holding the rank of librarian.

**Special Academics** include post-doctoral fellows, research associates, and research assistants; consultants, advisors, and critics; graduate student assistants; and student demonstrators, readers, and markers.

**Lecturers** are academic staff in non-tenure stream appointments whose duties involve all of the normal variety of academic duties expected of faculty members (i.e. teaching, research and community service).

**Instructors** are academic staff in non-tenure stream appointments whose duties involve any one or more (but not all) of the normal variety of academic duties expected of faculty members (i.e., teaching, research, and community service).

### **FULL-TIME TEACHING STAFF**

Statistics Canada defines full-time teaching staff as academic staff appointed on a full-time basis who are teachers or academic administrators (Deans, Directors, etc.). Those excluded are senior university administrators (President, Vice-Presidents, etc.), librarians, teaching assistants, instructors, post-doctoral fellows, and support staff.

### **SUPPORT STAFF**

Support staff provide the auxiliary services for the academic enterprise. Administrators who do not hold academic rank are included in this category.

Full-time, as it pertains to support staff, is defined as an employee who works the full number of hours a week (usually 35) as defined for a particular position, over a twelve-month period.

Part-time, as it pertains to support staff, is defined as an employee who works less than the full number of hours a week as defined for a particular position, or who works for less than a twelve-month period.

### **FULL-TIME EQUIVALENT (FTE)**

Full-Time Equivalent staff (FTE) are determined by calculating the actual number of hours staff members worked in the previous year divided by the normal working hours per year by position. For example, positions that require a 35-hour work week would have normal working hours per year of 35 hours X 52 Weeks = 1,820 hours. If staff members worked 910 hours in the previous year then their respective FTE count would be  $910/1,820 = 0.50$ . Likewise, if the same staff member worked 1,820 hours then the FTE count would be  $1,820/1,820 = 1.00$ .

### **FUNDING SOURCE FOR STAFF**

Sources for staff salaries include the General Operating Fund and the Research and Special Fund. See 'Finances' section for definitions of fund categories.

## **FINANCES**

### **FISCAL YEAR**

A fiscal year is a twelve-month period over which an accounting cycle is completed. At the University of Manitoba, the fiscal year begins April 1 and ends March 31.

### **SIGNIFICANT ACCOUNTING POLICIES<sup>1</sup>**

#### **General**

These consolidated financial statements have been prepared in accordance with Generally Accepted Accounting Principles (GAAP) as recommended by the Canadian Institute of Chartered Accountants ("CICA") for not-for-profit organizations. The University has adopted the restricted fund method of accounting for contributions.

#### **Basis of Consolidation**

The consolidated financial statements include the accounts of Smartpark Development Corporation, a wholly owned subsidiary of the University of Manitoba. The company has a March 31 year end and its purpose is to develop and operate a research park at the University of Manitoba.

## **Fund Accounting**

The University classifies resources used for various purposes into separate funds which correspond to its major activities and objectives. The Consolidated Statement of Financial Position combines the assets and liabilities of all funds.

The University maintains its funds under three fund categories: General, Restricted and Endowment Funds. The General Funds include the funds for General Operating, Specific Provisions and Expenses Funded from Future Revenues. The Restricted Funds include the Capital Asset, Research and Special, Staff Benefits and Trust Funds. The Endowment Fund includes endowment funds of the University.

## **Accounting Estimates**

Accounting estimates are included in financial statements to approximate the effect of past revenue or expense transactions or events, or to approximate the present status of an asset or liability. Examples include accruals for salaries and benefits, the estimated useful life of an asset and certain actuarial assumptions used in determining employee future benefits. It is possible that changes in future conditions could require changes in the recognized amounts for accounting estimates.

## **General Funds**

### **General Operating Fund**

The General Operating Fund includes the academic, administrative, operational and ancillary costs that are funded by tuition and related fees, government grants, net investment income and miscellaneous income, sales of goods and services to external parties and ancillary income. As such, this Fund reports unrestricted resources and restricted resources earmarked for general operating purposes.

All funds received or accrued by the University for general operating purposes and for equipment and renovation expenses not meeting the University's capitalization criteria are included in the General Operating Fund. The net cost of operating units is determined by including internal cost allocations for certain centrally administered services such as the telephone system in the units' expenses and by deducting these expenses as internal cost recoveries from the total expenses incurred by the unit administering these services.

The University Book Store, Parking, Student Residences and Pharmacy/Post Office are classified as Ancillary services and are budgeted on a break-even basis. Any surpluses or deficits are transferred to (from) the Specific Provisions Fund. Overhead costs have been allocated to all ancillary operations. Amortization of ancillary capital assets and interest expense is recorded in the Capital Asset Fund.

### **Specific Provisions Fund**

The Specific Provisions Fund records appropriations made from (to) the General Operating, Capital Asset and Research and Special Funds. These appropriations are made to provide future funding for the replacement, improvement or emergency maintenance of capital assets, unit carryover, a fiscal stabilization provision to offset potential spending in excess of future budgets and other matters. Such appropriations are shown as inter-fund transfers on the Consolidated Statement of Operations and Changes in Fund Balances.

### **Expenses Funded From Future Revenues**

Expenses Funded from Future Revenues records the amount of unpaid vacation pay for staff which will be funded from future revenues. It also records the actuarially determined expense for employee future benefits and change in pension obligations.

## **Restricted Funds**

### **Capital Asset Fund**

The Capital Asset Fund consists of restricted contributions resulting from capital asset co-funding arrangements with external parties, contributed capital assets, sinking fund investment income and government grants, restricted for the purpose of acquiring capital assets and retiring capital advances. Funding agreements, using promissory notes as a vehicle, entered into with the Provincial Government, for the construction or acquisition of capital assets, which will be repaid from future funding provided by the Provincial Government through the Council on Post-Secondary Education (COPSE) are recorded as capital grants. These capital grants, under the restricted fund method of accounting, are reflected as revenue in the Consolidated Statement of Operations and Changes in Fund Balances. The related future funding from COPSE, over the terms of the promissory notes to offset the interest expense and principal payments, are both excluded from the Consolidated Statement of Operations and Changes in Fund Balances. Expenses include interest on debt relating to the acquisition or construction of capital assets, amortization and gains or losses on disposal of capital assets, including write-downs resulting from obsolescence.

---

Continued

**Research and Special Fund**

The Research and Special Fund consists of contributions specifically restricted for research or other special activities. Contributions are provided from both federal and provincial granting agencies and other public and private sources. These funds are spent in accordance with the conditions stipulated in the governing contracts and agreements.

**Staff Benefits Fund**

The Staff Benefits Fund is divided into Fund Accounts for Pension Reserve, Self-Insured Plans and Benefit Reserve, the revenues of which are restricted for the purposes noted.

**(i) Pension Reserve**

This Fund Account is restricted for special payments towards any unfunded liability of the University of Manitoba Pension Plan (1970) and the University of Manitoba Pension Plan (1993) and other pension obligations.

**(ii) Self-Insured Plans**

This Fund Account records the assets and liabilities for two self-insured benefit plans, the Long Term Disability Income Plan and the Dental Plan. The Long Term Disability Income Plan is used for long term disability payments arising on and after June 1, 1981 for eligible staff. The Plan contains two funds, one for the payment of Basic Benefits and another for the payment of Cost-of-Living Benefits. The Dental Plan is administered by a contracted third party. Surplus funds are held for the purpose of covering deficits which may occur in this self-insured plan.

**(iii) Benefit Reserve**

This Fund Account is used for the support of current and future staff benefit programs. Experience refunds related to the group insurance plans are credited to this Fund Account. Employment Insurance premium savings resulting from the extended sick leave coverage provided by the University are also credited to this Fund Account.

**Trust Fund**

The Trust Fund records gifts and bequests received which may be used in their entirety along with net investment income earned on these funds, according to donor restrictions. The majority of these funds are used for scholarships, bursaries, awards, loans and other scholarly activities.

**Endowment Fund**

The Endowment Fund records gifts and bequests received with the stipulation that these funds be invested in perpetuity and the net realized investment income earned be utilized for designated purposes. The Fund balance also reflects the change in fair value of Endowment Fund Investments, which are recorded as a component of net investment income.

**Notes:**

- The Internationally Educated Agriologist Pilot program (IEAP) was introduced in Fall Term 2007.
- St. Boniface College students are included in headcounts when registered in courses at the University of Manitoba.
- In Fall Term 2008 (at November 1st), there were 109 Joint Masters Program students in the programs shared by the University of Manitoba and the University of Winnipeg (116 in Fall Term 2007). Based on workload calculations, the following JMWPs have been reported under the University of Manitoba:  

	FT	PT	FT	PT

- Transfer credit programs for graduates of the Business Administration, diploma programs at École technique et professionnelle (ÉTP) and Assiniboine (ACC) and Red River (RRC) Colleges.
- B.Sc.(Dentistry) (Medicine) are second and third-year Dental and Medical students who registered for the B.Sc. programs in the summer term. Includes all students active in the program.
- Students who are enrolled in the integrated B.H.Ecol./B.Ed. program are shown in the Faculty of Human Ecology for years 3 and 4 and in Education for year 5.
- Enrollment in the integrated B.Mus./B.Ed. program is shown in Music for years 3 and 4 and in Education for year 5.
- The Ph.D. in Applied Health Sciences is offered jointly by Human Ecology, Kinesiology and Recreation Management, Nursing and the School of Medical Rehabilitation.
- Includes students in the Alter Degree program in Family Social Sciences, new in Fall Term 2007.
- Includes students in the Physician Assistant Education program, introduced in Fall Term 2008.
- Postgraduate Medical Education students are physicians who have completed their undergraduate medical degree who are now registered in clinical residency programs.
- The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.
- Bachelor of Jazz Studies new in Fall Term 2008.
- Students entering the baccalaureate nursing program may take courses at alternate sites. Enrollments shown in this table reflect students registered in U of M courses only.
- Students applying to Nursing once first-year studies are complete. First-year students are now admitted to Extended Education as special students.
- The U of M offers selected courses, and the majority of fourth-year courses, for the University College of the North via distance education modalities.
- The Inner-City Social Work program was previously reported as Winnipeg Education Centre.
- The University 1 program was introduced in 1998-1999. Most "new" students, with limited or no university experience, have registered under this program. Students must complete 24 credit hours under University 1 (and may complete up to 30) before transferring into a degree program. Beginning in 2007, the requirements to transit changed requiring a minimum GPA of 2.0. This policy change has impacted the intake of students into Arts and Science.
- A new methodology was used to determine new and continuing students in Fall Term 2008. The Fall Term 2007 data was revised for comparability.
- Graduate figures for Fall Term 2007 include students that were cancelled for non payment of fees.

4. Includes William Norrie Centre, Distance and Northern programs.

5. The University 1 program was introduced in 1998-99. Most "new" students, with limited or no university experience, have registered under this program. Students must complete 24 credit hours under University 1 (and may complete up to 30) before transferring into a degree program. Beginning in 2007, the requirements to transit changed requiring a minimum GPA of 2.0.

6. Graduate Studies includes pre-master's, master's, doctoral, occasional and diploma students.

1. In 2006, Continuing Education was renamed Extended Education.

2. Definition of a Continuing Education Unit (CEU):

CEU is used to convert student contact hours where one (1) CEU is equivalent to ten (10) student contact hours.

Stated another way, one contact hour is equal to 0.1 CEU.

The total number of CEUs for any course is determined by multiplying the number of contact hours x 0.1 x the number of students.

3. In 2006, the former Continuing Education for the Professions and the former Management, Professional and Community Programs were combined to form the new Extended Education Program.

4. Total amounts are correct; summing each component may result in rounding errors.

**NOTES:**

1. Students in Double Major or Double Honours programs are reported under their first declared major.
2. The calculation of year in program has changed under Aurora. Previously, faculties could elect one of three different methods of calculating year. In Aurora, a single method - prior passed hours - is used for the calculation of year. Because of this, the breakdown by year is not strictly comparable with data prior to the change in the student information system. Please note that the processes for calculating year are still being fine tuned with the transition to the new student information system, with the potential for some students to have an incorrect year.
3. Program for internationally educated professionals to reach Canadian standards.
4. Effective September 2003, the Bachelor of Arts degree programs in Geography and the Bachelor of Science programs in Environmental Science moved under the Clayton H. Riddell Faculty of Environment, Earth and Resources. Students admitted prior to September 2003 had the option to complete their program under Arts or Science.
5. St. Boniface students are included in headcounts when taking courses at the University of Manitoba.
6. Includes transfer credit programs for graduates of the Business Administration Diploma programs at Assiniboine and Red River Colleges, University College of the North and Ecole technique et professionnelle.
7. Does not include B.Sc.(Dentistry) students, second and third year students who registered for the B.Sc. program in the summer term.
8. Students in the B.H.Ecol./B.Ed. program are shown in the Faculty of Human Ecology for years 3 & 4 and in Education for year 5. Last intake was the 2006-07 session.
9. Students in the integrated B.Mus./B.Ed. program are shown in Music for years 3 & 4 and in Education for year 5.
10. The Post Baccalaureate program changed from a certificate to a diploma in 2004. Students had the option to switch to the diploma.
11. The Textile Sciences program replaced the Clothing and Textiles program in 2005. Students enrolled in the Clothing and Textiles program prior to this change were permitted to continue their program until graduation.
12. Does not include B.Sc.(Medicine) students, second and third year students who registered for the B.Sc. program in the summer term, or external doctors taking Continuing Medical Education courses.
13. The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.
14. New program in 2008.
15. The Bachelor of Nursing program is offered at alternate sites. Enrolments in this table reflect students taking U of M courses only.
16. The University 1 program was introduced in 1998-99. Most "new" students, with limited or no university experience, have registered under this program. Students must complete 24 credit hours under University 1 (and may complete up to 30), with a minimum cumulative GPA of 2.0, before transferring into a degree program.

1. Graduate figures include students continuing in a course or thesis over more than one term. This table excludes graduate diploma students and students in St. Boniface College graduate programs.
2. Year in program is based on the length of time from the program start date, with three terms being a year. Year in program has been adjusted for parenting or exceptional leaves.
3. Students in an Individual Interdisciplinary Program (IIP) are shown under the faculty of their advisor.
4. New includes any graduate students starting in the Winter, Summer or Fall Term in 2008.
5. Includes all students in the Joint Master's Program shared by the University of Manitoba and the University of Winnipeg.
6. New in Fall Term 2008.
7. Faculty of Music renamed the Marcel A. Desautels Faculty of Music in 2008.
8. Students on an Exceptional or Parenting Leave are not required to register while on leave and are therefore not included in the Fall Term headcounts. They have been added as Part-Time students in this report only.

4. Program is exclusively for students of Aboriginal ancestry.
5. UMAP includes students in the Education Access Program (EAP) and the pre-EAP.
6. While both the Inner City B.S.W. (formerly Winnipeg Education Centre B.S.W.) and Northern B.S.W. programs offer ACCESS programs, intake is not exclusive to ACCESS students. Enrolment reported under these programs represents ACCESS students only.

1. New methods of calculating standard students at both the undergraduate and graduate levels were employed in 2008-2009. At the undergraduate level, a new method of calculating the undergraduate standard student conversion factor was developed and used in creating this table. This resulted in changes to the counts as compared to last year.

At the graduate level, the November 1st graduate enrolment was used as the basis for calculating the number of graduate standard students. Again, as with the undergraduate students, this new methodology resulted in a change in the count, as compared to last year, that would not have otherwise arisen.

2. See Standard Students in the Definitions section for an explanation of 'Level of Instruction'.

3. Zeros represent a rounded value of less than 0.5 but greater than zero. Blanks represent a value of zero.

4. Not including Distance Education.

5. Does not include 12 standard students in Applied Health Sciences, 1 standard student in Cancer Control, 3 standard students in Disability Studies, 12 standard students in Food & Nutritional Sciences, 3 standard students in Individual Interdisciplinary programs, 15 students in Peace and Conflict Studies, and Pre-Master's or Occasional students.

6. In 2008-2009 the program format in the Faculty of Architecture was changed to better reflect the four-year commitment necessary to complete a degree. With this new program format, four-thousand level courses were introduced to reflect the fourth year of study in the program. Although the program format has changed, the overall 2008-2009 standard student count for the Faculty of Architecture is comparable to previous years, however, caution should be exercised if comparing at the course level.

7. Level VI includes 46 standard students to correspond to the workload provided by the Faculty of Arts in the Joint Master's program.

8. In the Faculty of Education, Level V is included in the column 'Levels I-IV'.

9. In 2008 the Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music.

1. In 2008-2009 a new method of calculating undergraduate standard student conversion factors was developed.

This new methodology used the credit hour program requirements, as stated in the undergraduate calendar, as the basis for calculating standard student conversion factors at the faculty level.

2. Headcounts as at November 1st are used as the standard student counts for students in the Faculty of Dentistry, School of Dental Hygiene, and the Faculty of Medicine.

3. In 2008 the Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music.

1. Program costs are calculated by multiplying the average cost per credit hour in a given faculty by the number of credit hours required to attain a degree.

The number of credit hours that are required for a degree are taken from the General Calendar.

2. The cost for programs in the Faculties of Dentistry and Medicine are calculated by multiplying the cost per standard student by the number of years required to attain a degree.

3. The Diploma program in Dental Hygiene is a two-year program but requires a qualifying year in the Faculties of Arts or Science. These costs reflect the two-year component.

4. Due to the diversity of degrees available through the Clayton H. Riddell Faculty of Environment, Earth, and Resources, these program costs are an approximation based on 90 credit hours for a three-year degree and 120 credit hours for a four-year degree.

5. A new method of allocating expenditures from Physical Plant was employed which resulted in a 10% decrease in program costs for 2007-2008.

6. The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.

- Where program fees are used instead of per credit hour fees, the cost of tuition for the year is shown, unless otherwise stated. All figures exclude endowment fund contributions, student organization fees, fieldwork fees, material or equipment related fees.
- Fees for Engineering represent those for years 2-5. Fees for Business represent those for years 2-4. Fees for Education represent all years of undergraduate education programs except for years 1-3 of the Bachelor of Education (Elementary) program, which is \$145 per credit hour. Tuition for Dentistry, Medicine and Law is for the 2008-2009 entering cohort.
- Both Law and Medicine include a \$4,184 program differential fee.
- The fee per course in the Faculty of Law is \$945. The maximum tuition fee per session in the Faculty of Medicine is \$6909.
- Students in the Diploma in Agriculture program pay half the cost per credit unit. Fee shown is half the cost per credit unit for courses in the Agriculture Degree program. A program fee is reflected for Medical Rehabilitation. Tuition in the Faculty of Law is based on 30 credit hour course load.
- Fees are assessed on a per course or program fee basis. The fee per credit hour was calculated by dividing the stated fees for the program by 30 credit hours (the number of credit hours in an average year). Fee shown for Business is a program fee.
- Fees are assessed on a per course or program fee basis. The fee per credit hour was calculated by dividing the stated fees for the program by 30 credit hours (the number of credit hours in an average year). Many programs have different fees for new students and continuing students. In all cases, except Management, tuition shown is that of the 2008-2009 entering cohort. Tuition for Management reflects the fee paid by the continuing group as the entrance cohort pays the same fees as Arts during the first year of their program.
- The fees shown do not incorporate the 10% rebate received by students from the Manitoba Government. Pharmacy students must also pay a compulsory \$1500 clinical fieldwork fee.
- Fees shown are for degree and diploma programs in Dental Hygiene.

1. Summer Term refers to the reporting period of May through August. Summer Session refers to the courses, offered through Extended Education, in spring and summer.

2. An asterisk (\*) indicates that the number of credit hours were below 100 in either year. Percent changes in faculties containing fewer than 100 credit hours can show abnormally large differences, therefore these changes are not reported.

3. The Department of English changed its name to the Department of English, Film, and Theatre in January 2008.

4. Women's and Gender Studies was previously reported as Women's Studies.

5. The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.

1. Undergraduate Student Credit Hours (UGSCH) are the hours of weight associated with a course indicating the relative weight of the course in the program of studies. There is often a correlation between lecture class hours and hours of credit; for example, a full course carrying six (6) hours of credit may entail three (3) hours of lectures per week, both terms. This report includes: (a) distance education credit hours - students taking all of their courses through a distance method of delivery, such as Independent Study, on-line courses, video conferencing, computer mediated study, telecourse or community based study; (b) all courses taught off-campus with stipend from other than faculty or school resources; (c) courses taught "on-load" - taught during the summer but considered part of the regular session for load unit purposes. This report excludes credit hours declared as "Challenge for Credit".
2. Columns '2004-2005 Nov 1' and '2005-2006 Nov 1' reflect all credit hour data that were available on the old student information system as at November 1 of each respective year. Columns 'Fall 2006 - Winter 2007' to 'Fall 2008 - Winter 2009' reflect credit hour data that were available from the new Aurora Student information system as at November 1 and March 1.
3. The Department of English changed its name to the Department of English, Film, and Theatre in January 2008.
4. Women's and Gender Studies was previously reported as Women's Studies.
5. The Faculty of Music changed its name to the Marcel A. Desautels Faculty of Music in 2008.
6. Includes credit hours from the accelerated program run during the summer term.
