**COURSE DESCRIPTION**

**U of M Course Calendar Description**
DAGR 0540 Exploring New Opportunities in Adding On-Farm Value

A practical study of the opportunities for farm operators to increase value return for farm products with innovative approaches to production, processing and marketing. Students will learn from case studies the challenges and realities of value chain integration. Students will develop their ability to critically evaluate business plans for farm product enterprises.

Prerequisites: DAGR 0480 and ABIZ 0460

Co-requisites: DAGR 0490 and ABIZ 0470.

Students whose programs don’t include the specified prerequisites are only admitted to the course by permission of the director of the School of agriculture, in consultation with the instructor. Course participants with personal agriculture experience may be participating in the course at the recommendation of the instructor.

Course descriptions for prerequisites:

ABIZ 0460: Study of accounting principles and financial information for the preparation and presentation of financial statements to facilitate the management of farms and agricultural businesses.

DAGR 0480: Students will be introduced to the various roles that are carried out by farm managers.

Co-requisites:

ABIZ 0470: Study of analysis of financial statements and financial information by decision makers managing the finances of farms and agricultural businesses.

DAGR 0490: Introduction to objectives-driven planning dealing with production and financial management. Students will generate and analyze enterprise budgets and financial statements.

**General Course Description**

In this course, students will combine an independent project of the student’s choosing with group and lecture study of topics relevant to farm diversification and added value farm production.
Course Goals

1. Students will gain a practical understanding of the opportunities available for farm operators to increase value return for farm products with innovative approaches to production and marketing.

2. Students will learn the challenges and realities of value chain integration from historical and case studies.

3. Students will improve their ability to critically evaluate business plans for farm product enterprises.

4. Students will develop a presentation of their business plan for an innovative enterprise to support diversification on the farm or case farm they are using for the management planning project.

Course Learning Objectives

Students will..

1. do independent research.

2. understand new opportunities in the value added sector of agriculture.

3. improve their work through collaborative discussion.

4. understand how trends and niche markets create economic opportunities.

5. develop business plans, including capital and cash-flow requirements.

6. set realistic agronomic and business goals.

7. understand value chains, vertical integration and economic margins in agriculture.

8. appreciate the challenges and realities of value chain integration from historical and case studies.

9. critically evaluate business plans for farm product enterprises.

10. compare new economic models for farms, including Community supported agriculture (CSA) labour coops, and institutional supply chains.

11. identify regulation and production limitations relevant to their farm project.
12. prepare and present a complex business plan.

COURSE MATERIALS AND TECHNOLOGY

As this is a remote learning course students are expected to have the minimum technology equipment to access UMLearn. These requirements can be checked here: System Check - University of Manitoba (desire2learn.com).

This course will include interactive discussions of each students work. You should have the necessary technology for interactive two way video calls using MS-TEAMS.

ATTENTION STUDENTS RESIDING OUTSIDE WINNIPEG

As this is a remote learning course, all instructional activities and deadlines will be Winnipeg time (Central Time). Please make sure your calendars are adjusted to reflect any time changes. Please inform me as soon as possible if you are taking the course while residing outside of Winnipeg, specifically:

- If you are in a rural Canadian area affected by poor internet connections that may impact completing assessments and exams on time
- If you are in another time zone within or outside Canada, specify where you are, and if you foresee any challenges with attending classes and completing assessments and exams on time

NOTE: It is your responsibility to communicate with me well in advance of tests/exams/assignment due dates, of any ongoing issues, OR immediately once an issue arises that may impact your ability to complete course work.

Course tour: In compliance covid-19 protocols we will not be doing any on farm visits or trips this term, instead students will be asked to participate online tours or seminars.

Textbook: This course will have no required textbook.

Readings: assigned as follows:

Class 1: Getting started: syllabus review and project guidelines.

**EXPECTATIONS AND POLICIES**

This course will depend on the participation of all students. I will expect you to contribute to class discussions and research projects. I will expect you to be courteous and respectful to guests and mentors as well as fellow students and myself. Please see the University of Manitoba’s [Respectful Work and Learning Environment Policy](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html). Course expectations will be consistent with the policies of Section 2.5 ROASS.

**Class Communication:**

You are required to obtain and use your University of Manitoba email account for all communication between yourself and the university. All communication must comply with the [Electronic Communication with Student Policy](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html).

**Academic Integrity:**

Each student in this course is expected to abide by the University of Manitoba [Academic Integrity principles](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html). Always remember to reference the work of others that you have used. Also be advised that you are required to complete your assignments independently unless otherwise specified. When you work in a team, ensure that your project complies with the academic integrity regulations.

Inappropriate collaborative behavior and violation of other Academic Integrity principles, will lead to the serious [disciplinary action](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html). Visit the [Academic Calendar](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html), [Student Advocacy](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html), and [Academic Integrity](http://umanitoba.ca/admin/governance/governing_documents/community/electronic_communication_with_students_policy.html) web pages for more information and support.

It is expected that all submitted work should be completed independently. Information from mentors or group collaboration should be appropriately cited in work submitted for academic credit.

**Recording Class Lectures:**

Because this class will occasionally present confidential or proprietary information, no audio or video recording of lectures or presentations is allowed in any format, openly or surreptitiously, in whole or in part without permission of the course administrator. All course materials (both paper and digital) are only for the participant’s private study and research.

**Student Accessibility Services:**

The University of Manitoba is committed to providing an accessible academic community. [Students Accessibility Services (SAS)](https://www150.statcan.gc.ca/n1/pub/95-640-x/2016001/article/14814-eng.htm) offers academic accommodation supports and services such as note-taking, interpreting, assistive technology and exam accommodations. Students who have, or think
they may have, a disability (e.g. mental illness, learning, medical, hearing, injury-related, visual) are invited to contact SAS to arrange a confidential consultation.

Student EXPECTATIONS:
Success in this course will depend on significant student engagement outside of class. You can expect me to make significant “office hours” available for individual consultation. You can expect me to facilitate introductions to possible mentors and experts related to your chosen project. You can expect your term work to be graded and returned approximately two weeks after submission.

COURSE SCHEDULE
This schedule is subject to change at the discretion of the instructor and/or based on the learning needs of the students but such changes are subject to Section 2.8 of ROASS.

Proposed class schedule: Wed: Sep 13, 2021 - Dec 10, 2021; 4:00 pm - 5:15 pm

No lecture during reading week (Feb 17th).

Week 1: Independent study basics:
- Syllabus review, course expectations.
- Resources for project topics.
- Choosing independent project topic.
- Budgeting for a start-up business.

Week 2: Independent project guidelines:
- Students will propose, refine and develop a diversification/value re-capture opportunity for their farm or agribusiness.
Week 3. Business plan basics:
- Forecasting profit loss estimates for new businesses.
- Capital investments.
- Cashflow requirements.

Week 4. Analysis of value chains in Canadian Agriculture, including:
- Traditional value chains (barter and labour exchanges)
- Conventional value chains (free market exchange and specialization)
- Traditional value chain recapture (service and producer co-ops, pools)

Week 5. Recent innovations and models for value chain re-capture:
- Direct Marketing models
- Farmgate and farmers market sales
- Community Support Agriculture (CSA) / foodshares
- Group marketing
- Institutional supply
- Labour co-ops

Week 6. Farm product opportunities:
- Conditions for niche markets and value chain recapture.
- Production limits and opportunities (new products and production methods).
- Regulatory limitations and opportunities (limits and requirements).

Week 7. Processed food product opportunities:
- Basic food safety requirements.
- Regulatory requirements and classification systems.
- On-farm food processing (limits and opportunities).

Week 8. Consumer focused opportunities:
- Niche and high value product limitations and opportunities (organic, identity-branded, u-pick, emotive value).

Lab Schedule:

Labs are scheduled for Thursdays 4:00 – 6:45

Scheduled Labs will include 5 “workshop sessions” where students share and collaborate their draft projects in a discussion roundtable. Students are expected to attend and bring their working copies of coursework. Labs may occasionally feature guest speakers who will share their own experiences in “added value” businesses.

Effective participation in the labs will be worth 10% of final course grade. Lab participation will be evaluated as below:
For each lab (total of 5) 1 credit each for
1: Being present during entire lab.
2: Your working documents available for discussion
3: your discussion participation
4: your discussion leadership.
Total available 20 credits (5 x 4).

“Discussion participation” means at you ask at least one question of another course participant, and give at least one helpful suggestion to another course participant, as well as sharing the progress of your own work.

“Discussion leadership” means in addition to the participation described above, making constructive contributions to discussion and supporting the participation of fellow students.

Participation in online seminars or activities of the Virtual Direct Farm Marketing Conference will be substituted for the remaining laboratory requirements.

Voluntary Withdrawal

Students should make themselves aware of the last day to drop classes for full refund and the last day to drop class without academic penalty. All Students who do not officially drop the class will be assigned a final grade on your official transcript even if no coursework is submitted. Please refer to the Registrar’s Office web page for more information.

I am always willing to discuss your progress and strategies for improvement in the course.

COURSE ASSESSMENT

Assignment #1: Project Choice and Description.

GOAL: To choose and describe a farm project that will facilitate successfully completing the course.

PROCEDURE: A detailed handout is available for this assignment.

SUBMISSION GUIDELINES: Electronic copy submitted in the UMLearn Assignment dropbox before the start of class.

EVALUATION CRITERIA: Detailed rubric included in assignment handout. Feedback will include suggestions to refine the proposal and resources that will be helpful to continue the project.

Assignment #2: Preliminary Business Plan Objectives.

GOAL: Determine realistic and measurable business goals for the project business.

PROCEDURE: A detailed handout is available for this assignment. For this assignment the student makes preliminary economic estimates about the value of the project.

SUBMISSION GUIDELINES: Electronic copy submitted in the UMLearn Assignment dropbox before the start of class.
EVALUATION CRITERIA: Detailed rubric included in assignment handout. Feedback will include suggestions to improve the business plan and indicate resources that will be helpful to continue the project.

Assignment #3: Value chain analysis.

GOAL: Describe how the proposed business integrates into, or provides an alternative to, existing value chains.

PROCEDURE: A detailed handout is available for this assignment. Identify where the proposed business project fits into traditional value chain, and how much additional margin is available to support added-value production.

SUBMISSION GUIDELINES: Electronic copy submitted in the UMLearn Assignment dropbox before the start of class.

EVALUATION CRITERIA: Detailed rubric included in assignment handout. Feedback will include suggestions to improve the business plan and indicate resources that will be helpful to continue the project.

Assignment #4: Final Business plan.

GOAL: A business plan ready for implementation or further feasibility study.

PROCEDURE: A detailed handout is available for this assignment. Work and feed back from previous assignments is combined into a complete business plan proposal. Business plan should satisfy the expectations of an agriculture industry business plan description such as the FCC business plan tip sheet: “10 steps to a solid business plan”.

SUBMISSION GUIDELINES: Electronic copy submitted in the UMLearn Assignment dropbox before the start of class.

EVALUATION CRITERIA: Detailed rubric included in assignment handout. Feedback will include suggestions to improve the business plan, and tips to include during the verbal presentation.

Assignment #5: Business plan presentation.

GOAL: Presentation of business plan that models an investor / financing meeting.

PROCEDURE: A detailed handout will be available for this assignment.

SUBMISSION GUIDELINES: During class time, students will make a remote verbal presentation of their business plan.

EVALUATION CRITERIA: A detailed rubric will be available with handout. Feedback and evaluation of other students and invited guests will be a factor in evaluation.
Experiential Learning Report:

**GOAL:** Capture course relevant learning and experience from Experiential Learning Week.

**PROCEDURE:** A detailed handout will be available for this assignment.

**SUBMISSION GUIDELINES:** Electronic copy submitted in the UMLearn Assignment dropbox before the start of class.

**EVALUATION CRITERIA:** A detailed rubric will be available with handout. Feedback will include suggestions about how to include report information in remaining course work.

**Grading**

Grade in the course will be a weighted average of the grades for the required assignments and Lab participation.

**Referencing Style**

Success in this course will depend on students doing independent research for their individual project. Reference to supporting information is crucial to building your business case. This should be done clearly and frequently. Each reference should make it absolutely clear exactly from who, where and when you found your supporting information. The reference itself should allow anyone who wished to find the exact place / time where you found your information.
For example, your reference to a video should indicate: The person responsible for the content of the video; where the video can be viewed; the time the video was created; the time in the video where the relevant information is found. A URL is not a sufficient reference.

You can use any referencing style, consistently. MLA is recommended for ease of use. OWL Purdue is an excellent resource for students with questions about citations and references:
https://owl.purdue.edu/owl/research_and_citation/resources.html

**Assignment Feedback**

Assignments will receive comments in rubrics that will be uploaded to the assignment dropbox. Students can expect to receive feedback to their work two weeks after submission. Students who have received low grades and challenging feedback on their first two assignments should reconsider continuing the course.

**Assignment Extension and Late Submission Policy**

Late assignments may not be accepted without prior approval from the course instructor or student services.

**Academic Integrity**

Each student in this course is expected to compete their coursework and programs of study with integrity by making a commitment to the six fundamental values of honesty, trust, fairness, respect, responsibility, and courage. http://umanitoba.ca/student-supports/academic-supports/academic-integrity

Academic integrity looks like referencing the work of others that you have used and completing your assignments independently unless otherwise specified.

All students are required to respect copyright as per Canada’s Copyright Act. Staff and students play a key role in the University’s copyright compliance as we balance user rights for educational purposes with the rights of content creators from around the world. The Copyright Office provides copyright resources and support for all members of the University of Manitoba community. Visit http://umanitoba.ca/copyright for more information.

**LEARNER SUPPORT**

**Writing and Learning Support**

The Academic Learning Centre (ALC) offers writing and learning supports to help you throughout your academic program. These supports are offered online during the Covid-19 pandemic.

Make an appointment with an ALC writing tutor who can give you feedback at any stage of the writing process, whether you are just beginning to work on a written assignment or already have a draft. The ALC also has an English as an Additional Language (EAL) specialist available to work with students on improving their English-language academic writing skills.

Consult an ALC learning specialist or attend an academic skills workshop to improve your time management, learning strategies and test-taking strategies. Get support in select courses by making an appointment with an ALC content tutor. The ALC also offers peer-facilitated study...
groups called Supplemental Instruction (SI) for certain courses that students have typically found difficult. In SI study groups, students ask questions, compare notes, discuss content, solve practice problems, and develop new study strategies in a group-learning format.

In addition to one-to-one and group sessions, you can also find writing and study tip sheets and videos on the ALC website.

Academic Learning Centre services are free for U of M students. For more information, please visit the Academic Learning Centre website at: http://umanitoba.ca/student/academiclearning/

Contact the Academic Learning Centre by calling 204-480-1481 or emailing academic_learning@umanitoba.ca. Bannatyne students can contact the Bannatyne Student Services office at 204-272-3190.

University of Manitoba Libraries (UML)

Research begins at UM Libraries. Learn at the Libraries is a great place to start, with information for students on academic writing, how to search the library, evaluating resources, and writing citations. As the primary contact for all research needs, your liaison librarian can play a vital role when completing academic papers and assignments. Liaisons can answer questions about locating appropriate resources or managing citations, and will address any other concerns you may have regarding the research process. Liaisons can be contacted by email or phone, and are also available to meet with you online. When working remotely, students can also receive help online through Ask Us! chat. For further detail about the libraries’ services and collections, visit the Libraries’ web site. Regularly check our COVID-19 Update page for available library services and access to resources for Fall 2020.

Section (b) sample: re: A statement regarding mental health that includes referral information:

For 24/7 mental health support, contact the Mobile Crisis Service at 204-940-1781.

Student Counselling Centre

Contact SCC if you are concerned about any aspect of your mental health, including anxiety, stress, or depression, or for help with relationships or other life concerns. SCC offers crisis services as well as individual, couple, and group counselling. Student Counselling Centre: http://umanitoba.ca/student/counselling/index.html

Your rights and responsibilities

As a student of the University of Manitoba you have rights and responsibilities. It is important for you to know what you can expect from the University as a student and to understand what the University expects from you. Become familiar with the policies and procedures of the University and the regulations that are specific to your faculty, college or school.

The Academic Calendar http://umanitoba.ca/student/records/academiccalendar.html is one important source of information. View the sections University Policies and Procedures and General Academic Regulations.

While all of the information contained in these two sections is important, the following information is highlighted.

- If you have questions about your grades, talk to your instructor. There is a process for term work and final grade appeals. Note that you have the right to access your final examination scripts. See the Registrar’s Office website for more information including appeal deadline dates and the appeal form http://umanitoba.ca/registrar/

- You are expected to view the General Academic Regulation section within the Academic Calendar and specifically read the Academic Integrity regulation. Consult the course syllabus or ask your instructor for additional information about demonstrating academic integrity in your academic work. Visit the Academic Integrity Site for tools and support http://umanitoba.ca/academicintegrity/ View the Student Academic Misconduct procedure for more information.

- The University is committed to a respectful work and learning environment. You have the right to be treated with respect and you are expected conduct yourself in an appropriate respectful manner. Policies governing behavior include the:

Respectful Work and Learning Environment

Student Discipline
http://umanitoba.ca/admin/governance/governing_documents/students/student_discipline.html and,

Violent or Threatening Behaviour
http://umanitoba.ca/admin/governance/governing_documents/community/669.html

- If you experience Sexual Assault or know a member of the University community who has, it is important to know there is a policy that provides information about the supports available to those who disclose and outlines a process for reporting. The Sexual Assault policy may be found at: http://umanitoba.ca/admin/governance/governing_documents/community/230.html
More information and resources can be found by reviewing the Sexual Assault site http://umanitoba.ca/student/sexual-assault/

For information about rights and responsibilities regarding Intellectual Property view the policy: https://umanitoba.ca/admin/governance/governing_documents/community/235.html

For information on regulations that are specific to your academic program, read the section in the Academic Calendar and on the respective faculty/college/school web site http://umanitoba.ca/faculties/

Contact an Academic Advisor within our faculty/college or school for questions about your academic program and regulations http://umanitoba.ca/academic-advisors/
