| | 100% |
- Exams:** The two exams are closed book, and with some problems requiring calculation.
Other: Late assignments will not be accepted, except at the instructor's discretion. Missed exams receive zero. University policy strictly prohibits "plagiarism and cheating," as outlined in the Undergraduate Calendar. Attendance is required, and insufficient attendance may result in students being barred from exams. Turn off cell phone, no photos, no text messaging, no emailing etc, remain seated during lecture and no talking, no arriving late or leaving early. Students must maintain professional and respectful classroom environment, and must show utmost respect for classmates and the instructor, and students showing disrespect will risk being barred from the class. Class lecture and materials are the property of the instructor, and it is illegal (copyright violation) for students to transfer these to parties outside the class or post on the internet. If a student must miss class for medical reasons or other reasons, they are responsible for obtaining any assignments, lecture notes, handouts, announcements, or other information/materials from their classmates. Items/information may be emailed to students and they must have a correct and working email address with sufficient mailbox space, or else must get missing information from classmates.
