

# Counselling Services for Architecture Students

The Student Counselling Centre (SCC) and the Faculty of Architecture are pleased to inform Architecture students that two counsellors from the SCC, Linda Churchill and Tim Osachuk, will be available in Architecture to provide support for the 2022/23 academic year. They will be available to provide in-person (Room 201F John A. Russell Building) and remote services (i.e., by telephone or video). **Students can schedule with them by calling the SCC at 204-474-8592, Monday through Friday, 8:30 am to 4:30 pm.** Please identify yourself as an Architecture student wishing to meet with one of the embedded counsellors. Linda will be on-site Mondays and Tim on Thursdays.

Architecture students can also seek support from the main office of the SCC which is located at 474 UMSU University Centre. The SCC offers a wide range of support services including individual counselling, couples counselling, workshops and groups.

Check the SCC website to learn  
more about their services:
