**SYNOPSIS** | Expand your horizons and stand out from the crowd by studying abroad!

Student Exchange programs in the Faculty of Architecture allow students to expand their horizons, meet new people and have new adventures. Studying abroad gives students the experiences to change how they perceive the world, learn outside their comfort zone, and enables them to expand their life skills to be a true global citizen. The Exchanges programs are not just about learning, but also about having fun!

The Faculty of Architecture has five exchange programs with the following institutions:

**University of South Australia**  
Australia (Adelaide) \*managed by the IC

**KU Leuven**  
Belgium (Ghent & Brussels)

**Technical University Munich**  
Germany (Munich (Arch) & Freising (LA))

**Swedish University of Agricultural Sciences**  
Sweden (Alnarp, Umea & Uppsala)

**University of Liverpool United Kingdom**  
(Liverpool)

Faculty of Architecture students are invited to attend an information session on the Faculty of Architecture Study Abroad/Student Exchange opportunities for undergraduate students in 3<sup>rd</sup> & 4<sup>th</sup> year as well as the Master programs.

The presentation will include a detailed outline of how to apply for an exchange program and will include presentations from students who have participated in exchange opportunities.
