INSTRUCTIONS: This evaluation is intended to complement the annual progress report that you prepare for the Faculty of Graduate Studies (FGS). Although FGS prefers annual progress meetings that may not be feasible or necessary while you are on internship. As a result, please provide your advisor and advisory committee with a copy of this completed form as the information in it will help inform your FGS rating. Once your Overall Rating has been finalized you or your advisor must submit the current completed form, and the completed FGS Annual Progress Report, to the Psychology Graduate Office. The deadline for receipt of both documents is **May 1st**. Note that copies of both forms will be retained in our records; we recommend that you also keep copies.

MA and PhD students who are not yet on internship complete a detailed version of this evaluation. Because you are completing a full-time internship most aspects of that detailed assessment are not relevant to you. As a result, **please use the space below to comment on progress you have made over the past year on your dissertation research. Also comment on noteworthy achievements in the past year with respect to: (a) non-thesis research, teaching, and honours/awards.** Your advisor and advisory committee will use this information to provide an overall rating of your progress over the past year on the following page.
