

2022 – 2023 Health Administration Elective Courses

Updated June, 2022

Students who wish to pursue the Health Administration concentration must complete 4 courses (12 credit hours) offered by the Department of Community Health Sciences (Faculty of Medicine).*

Mandatory courses for the Health Administration concentration (2 courses – 6 credit hours):

CHSC 7320 - Organization and Financing of the Canadian Health Care System (3 credit hours)

CHSC 7520 – Principles of Epidemiology (3 credit hours)

Plus two of (your choice of 2 courses from the following list – 6 credit hours):

CHSC 7290 – Economic Evaluation of Health Care (3 credit hours)

CHSC 7300 – Health Policy and Planning (3 credit hours)

CHSC 7310 – Epidemiology of Health Care (3 credit hours)

CHSC 7510 – Problem Solving in Public Health (3 credit hours)

IDM 7010 - Industry Project** (3 credit hours)

*Please note that the Health Administration courses are offered at the Bannatyne Campus and may not fit within the normal Asper MBA elective schedule. Students who wish to register for these elective courses must obtain permission from the instructor of the course to register. This permission can be in the form of an email and must be submitted to the Asper Graduate Program Office (Ewa Morphy) prior to registration.

See below for the available 2022-2023 Health Administration Course offerings

Fall 2022 Term:

CHSC 7520 – Principles of Epidemiology (Mandatory)

This course will introduce the basic concepts and methods of epidemiology, including the definition and measurement of health status and health determinants in populations, assessing health risks and inferring causation, and issues in the design and analysis of population health studies. Prerequisite: permission of instructor.

Instructor: N. Nickel

Phone/email: Nathan_nickel@cpe.umanitoba.ca

Location: Apotex 050

Start date: September 7, 2022

Class time: Wednesdays: lecture 9:00am– 11:50am

Winter 2022 Term:

CHSC 7290 – Economic Evaluation of Health Care

The objectives of this course are to enable students to understand economic evaluation methodologies (cost-effectiveness, cost-benefit, cost-utility analysis) as applied to health care and to familiarize them with the applied literature on economic evaluation of health care. Prerequisite: permission of instructor.

Instructor: Evelyn Forget
Phone/email: evelyn.forget@umanitoba.ca
Location: Apotec 069
Start date: January 9, 2023
Class time: Thursdays at 9:30am-11:50am

CHSC 7510 – Problem Solving in Public Health

This seminar based course focuses on current issues and topics in community health to advance skills of thinking critically and communicating clearly about practical solution to public health problems. Students outside CHS require instructor permission. Prerequisites: CHSC 7520.

Instructor: Joel Kettner
E-Mail: Joel.Kettner@umanitoba.ca
Location: Apotex 116
Start date: January 9, 2023
Class time: Wednesday – 1:00pm-3:50pm

CHSC 7320 – Organization and Financing of the Canadian Health Care System (Mandatory)

Students will study the historical development and current structure of the Canadian health care system and relate its development to changes in social and political factors. The course provides an economic perspective on current policy issues in the organization, financing, and delivery of health care in Canada. Prerequisite: Permission of instructor.

Instructor: Sara Kreindler
E-Mail: sara.kreindler@umanitoba.ca
Location: Apotex 050
Start date: January 9, 2023
Class time: Thursdays at 1:00pm-3:50pm
