

Making the connection: Translating your student experience to a career in aging or beyond

University of Manitoba student interested in aging are invited to join the Students Targeting Aging Research (STAR) group for the next meeting.

October 15, 2025 | 12:30–1:30 p.m. | via Zoom

Career Services assists all UM students with their career planning and job search. They offer a wide range of help throughout a student's career journey, including possible careers in aging. As a STAR member, students can gain recognition in one of two ways for their UM Experience Record during the current academic year. Learn how you can use your Experience Record towards your job search from Career Services and what resources are available for students to access.

All students are welcome to join, RSVP your attendance to star@umanitoba.ca
