The Centre on Aging AI guidance

As artificial intelligence (AI) continues to evolve and become more commonplace, the Centre on Aging has developed guidelines related to the use of AI in activities related to the Centre. In this workshop, we will discuss using generative AI for completing and reviewing applications, work tasks, meetings, and creating posters for our annual Spring Research Symposium.

Thursday, Jan 15, 2026
11:30 AM – 12:30 PM
via Zoom
Michelle Porter, PhD
Nicole Dunn, MA

There will be an opportunity to discuss these guidelines, how to create an AI acknowledgement statement or declaration, and how to track and cite AI use.

Scan the QR code to register on Zoom.
Workshops are open to students, post-docs, research staff,
and faculty interested in aging research.
