Award Type: Scholarship

### **Marion Bachman Memorial Scholarship**

With a bequest of \$10,000, Marion Bachman established an endowment fund at the University of Manitoba in 2015. The purpose of the scholarship is to reward the academic achievement of undergraduate students in the Faculty of Education who intend to teach Human Ecology. Each year, beginning in 2019-2020, the available annual income from the fund will be used to offer one scholarship to an undergraduate student who:

- (1) is enrolled part-time or full-time (minimum 80% course load) in the final year of study in the After-Degree Bachelor of Education program at the University of Manitoba;
- (2) has a teachable major in Human Ecology; and
- (3) has achieved a minimum degree grade point average of 3.0.

In the event that there is no candidate who meets criterion (2), the scholarship may be awarded to a student who meets criteria (1) and (3) and who has a teachable minor in Human Ecology. In the event that there is no candidate who meets criteria (1) and (2), the scholarship may be awarded to a student who meets criteria (3) and who is enrolled part-time or full-time in any year of study in the After-Degree Bachelor of Education program with a teachable major or minor in Human Ecology.

The Dean of the Faculty of Education (or designate) will name the selection committee for this award.

This agreement may be amended by the mutual consent of the donor (or designate) and the University of Manitoba. All such amendments shall be in writing. In the absence of the donor (or designate), and providing all reasonable efforts have been made to consult, the Board of Governors of the University of Manitoba has the right to modify the terms of this award if, because of changed conditions, it becomes necessary to do so. Such modification shall conform as closely as possible to the expressed intention of the donor in establishing the award.

Established: Senate, May 15, 2019
