Department of Biosystems Engineering Alumni of Influence Awards

The Biosystems Engineering *Alumni of Influence Awards* were established in 2021, the 50th anniversary of the first Bachelor's degree in Agricultural Engineering being awarded by the University of Manitoba. The *Alumni of Influence Awards* are intended to help us celebrate the achievements made by alumni of the Department of Biosystems (formerly Agricultural) Engineering who graduated from either the undergraduate or graduate programs. Separate awards will be selected for those alumni who graduated prior to 1995 from the Department of Agricultural Engineering and those who graduated after 1995 from the Department of Biosystems Engineering. Recipients of these awards will be selected by the Department of Biosystems Engineering Alumni Awards Committee.
