2021 – 2022 Electrical Engineering Course Flow Chart
Power and Energy Systems Focus Area – Model 4 Year Program

The written English requirement is satisfied by completing three (3) credit hours from the list of approved Written English Courses for Engineering Students listed in the University Calendar (see Faculty of Engineering, Section 4.2).

Students must take either of:
- ENG 2030 Engineering Communication: Strategies for the Profession
- ENG 2040 Engineering Communication: Strategies, Practice, and Design

Technical Electives:
- Seven (7) technical electives are required to complete the program. Five (5) form the Power and Energy Focus Area. The two (2) remaining electives may be selected from either the Group A or Group B electives lists of the Electrical Engineering Standard Program.
- Technical electives may be taken at anytime, subject to prerequisites.

Additional required elective courses which may be completed in any term.

This flow chart is intended as a guide, and only applies for the current academic year. It should not be used as a guide for subsequent years. Errors may be present in this document. Students should refer to information in the University Calendar.

9 April 2021, v.1
Electrical Engineering Focus Areas

Students wishing to pursue more focused studies in an Electrical Engineering subject/research area have the choice of doing so through a recognized Focus Area. Courses taken towards a Focus Area take the place of some or all of the Technical Electives required in the Electrical Engineering program.

**POWER AND ENERGY SYSTEMS FOCUS AREA**

**Requirements:**
To complete the Power and Energy Systems Focus the four (4) prescribed courses must be taken. One (1) of the three Power and Energy Systems Technical Elective courses must also be taken. To complete the program requirements, two (2) additional courses must be selected from the elective courses listed in the Electrical Engineering Standard Program.

**PRESCRIBED POWER AND ENERGY SYSTEMS COURSES:** (All are required)
- ECE 3650 Electric Machines*
- ECE 4300 Electrical Energy Systems 1
- ECE 4370 Power Electronics
  One (1) additional course from the list of Group A Qualified Design Elective Courses found in the Electrical Engineering Standard Program.

**POWER AND ENERGY SYSTEMS TECHNICAL ELECTIVE COURSES:** (1 required)
- ECE 4310 Electrical Energy Systems 2
- ECE 4360 High Voltage Engineering

* NOTE: ECE 3650 Electric Machines is a prerequisite for other courses in this Focus Area. It is recommended that students complete the course prior to their final year.
