

DEPARTMENT OF CIVIL ENGINEERING

5 YEAR MODEL PROGRAM

For students starting second year fall 2016

Students are expected to follow either the 4 year or the 5 year model program.

This will ensure prerequisite and timetable requirements are met.

Offered all 3 sessions

Offered fall & winter sessions

* common to all engineering programs

FALL TERM			WINTER TERM			
FIRST YEAR (2015)		hr	Prerequisites		hr	Prerequisites
CHEM 1300 *	Chemistry	3		MATH 1210 *	C/L Algebra	3

Technical electives vary from year to year. See page 3 for list.

Check current course schedules for details.

TECHNICAL ELECTIVES

Students are required to take 5 technical electives. A minimum of 3 courses must be taken from Group A and up to 2 from Group B, with no more than one course from outside the Department of Civil Engineering.

Technical electives vary from year to year and may have limited enrollment.

Check current course schedules on the Civil Engineering website for details.

Most technical electives courses are offered every two years.*

Civil Engineering Program			Environmental Option Program		
Group A (select 3 to 5 courses)			Group A (select 3 to 5 courses)		
		Prerequisites			Prerequisites

BIOE 4560	Struct Des Wood	4 CIVL 3770			

* CIVL 4030 is currently offered every winter term.

COMPLEMENTARY ELECTIVES - Arts or Management Elective

Students are required to take 6 credit hours of Arts or Management electives (ENGL 1400 is a core course and not included in these 6 hrs). 1000 level or higher courses offered by the Faculties of Arts or Management qualify except ARTS 1100 - Introduction to University.

Students in in the Environmental Option, must take PHIL 2750 - Environmental Ethics as one complementary elective.

[Suggested complementary elective courses are listed on the Civil Engineering web site.](#)
