UM | Environmental Health and Safety Office

Smudging Location Review

This form is required for locations that have not been previously assessed as smudge friendly. To ensure safety protocols are in place in the location requested for a smudge, please complete the Smudge Location Review form and submit to Physical Plant. Once the form is reviewed by Physical Plant it will be returned to the requestor with further instructions. Physical Plant will consult with EHSO on safety as required.

☐ Requestor has read and understood the Smudging and Pipe Ceremony Procedure

Smudging Location Review Form

Name of Requestor:
Contact information (Phone and email):
