

Student-Advisor Application Checklist

The Department of Environment and Geography Graduate Committee strives to ensure the integrity and excellence of the graduate program. To assist us in this effort we ask you to go through this checklist for each new graduate student you wish to engage. By completing the checklist and ensuring the accuracy of the application, you will expedite the process and allow the Graduate Committee to fulfill its duties in a timely fashion. Failure to ensure that all aspects of the checklist have been completed can result in the Graduate Committee declining to review an application.
