Nutrien Ltd. Indigenous Student Bursaries in Agriculture

Nutrien Ltd. offers products and services that cross the entire agricultural value-chain. As part of their strategy to attract Indigenous students into the agri-business industry, Nutrien Ltd. will offer an annual contribution totaling $4,000 to offer two bursaries of equal value every year beginning in 2012-2013. The aim of the bursaries is to encourage and support Indigenous students pursuing their studies in the field of agriculture. Each year, two bursaries, each valued at $2,000, will be offered to undergraduate students who:

1. are Canadian Indigenous (First Nation, Métis, Inuit);
2. are enrolled full-time (minimum 60% course load) in the Faculty of Agricultural and Food Sciences Degree or Diploma Programs at the University of Manitoba;
3. have demonstrated financial need on the University of Manitoba general bursary application form.

The bursary can be renewed for a maximum of three additional years after it is first awarded if a student continues to meet all of the criteria listed above. This award can only be held by a maximum of two students each year. If there is equal need demonstrated by the students, preference will be to award the bursary to one student from the diploma program and one student from the degree program equally.

Nutrien Ltd. will notify the Financial Aid and Awards office at the University of Manitoba by no later than March 31 in any year it wishes to discontinue this award.

The selection committee for these awards will be the Faculty of Agricultural and Food Sciences Awards Committee. This agreement may be amended by the mutual consent of the donor (or designate) and the University of Manitoba. All such amendments shall be in writing. In the absence of the donor (or designate), and providing all reasonable efforts have been made to consult, the Board of Governors of the University of Manitoba has the right to modify the terms of this award if, because of changed conditions, it becomes necessary to do so. Such modification shall conform as closely as possible to the expressed intention of the donor in establishing the award.
