Student Use Agreement

Under contract from QSR Technologies, the Faculty of Architecture has a concurrent enterprise license for NVivo qualitative data analysis software. This license allows us to install NVivo on as many computers as we require (including students’ personal computers); however, we are limited to the number of computers that can actually run the software at the same time.

We are using a license server product called Sassafras KeyServer to enforce the concurrent license limitations. As of October 2016, we can run up to 3 simultaneous instances of NVivo.

To qualify to use NVivo under this contract, you must be a student or staff member in the Faculty of Architecture. Upon graduation or at the end of your employment you must remove NVivo and the Sassafras KeyServer from your computer.

By installing, copying, or otherwise using the software, you agree to be bound by the terms of the EULA and the License Amendment. If you do not agree to be bound, do not install, copy, or use the software.

FAILURE TO COMPLY WITH THE LICENSE AGREEMENT MAY PREVENT CONTINUED USE OF THIS SOFTWARE ON STUDENT OWNED DEVICES

Please read and check off the following conditions:

☐ I am enrolled as a student or am employed as a staff member in the Faculty of Architecture at the University of Manitoba

☐ I will not use this software for commercial purposes

☐ I will not tamper with or remove the Sassafras KeyServer on my computer

☐ I acknowledge that Sassafras KeyServer collects information about my computer, its specifications, operating system, installed software, and statistics about which programs are in use. This information is logged and is available to System Administrators at the U of M.

(*Note: This is a function of the Sassafras KeyServer and cannot be disabled)

☐ I promise to remove NVivo and Sassafras KeyServer from my computer once I have graduated or my employment has ended

☐ I will notify the CADLab by e-mail at archsw@umanitoba.ca when I have removed the software from my computer

☐ I acknowledge that any violation of the NVivo license agreement or this student agreement will result in my NVivo software privileges being revoked
