Student Responsibility and Academic Integrity

Disruptions due to excessive talking or early departures from the classroom are especially distracting in large classes. Please be considerate and respectful of the needs and rights of others in the class. Students should be aware that persistent disruption may result in debarment from the course. Any student who has a legitimate reason for leaving class early should inform the instructor at the beginning of class.

NOTE:
- You must notify me before the test if you must be absent.
- Please provide a note from a medical professional or counseling professional to confirm that you were unable to write a test at a particular time.
- Make-up tests must be completed within one week of the original date. Responsibility for initiating a make-up test lies with the student. Make-up tests will be scheduled at one time only, to be determined by the teaching assistant.
- Failure to complete any test or the class assignment will result in a mark of zero for that test or assignment.
- Students are not permitted to re-schedule tests regardless of scheduling “overload” with examinations or assignments in other courses.
- Any student who submits an assignment should that the professor suspects is plagiarized must submit to an oral exam based on the material in the assignment. Should the professor find that the paper is plagiarized as a result of this examination, the student will face immediate disciplinary action (please see Academic Integrity).

Cheating is a serious offense with grave consequences. Students should acquaint themselves with the University’s policy on ‘Personation at Examinations’ (Section 5.2.9) and ‘Plagiarism and Cheating’ (Section 8.1) found online under UManitoba Catalog 2011-2012>General Academic Regulations>Section 8. Academic Integrity.

The Faculty of Arts also reserves the right to submit student work that is suspected of being plagiarized to Internet sites designed to detect plagiarism.

Senate Policy #1307 requires a “post-examination review of final grades in multi-sectioned courses that will ensure an equitable correspondence between grades and level of performance in all sections.” Accordingly, the final grade distribution in this course may be raised or lowered to achieve such equity and, therefore, your final grade may be changed.
