(or by appointment)

COURSE INFORMATION

Course Objective:

This course is an introduction to the field of Health Sociology. The purpose of the course is to provide a sociological framework for understanding the social determinants of population health and the factors that shape the health and illness behaviour of Canadians.

Topic Outline:

SOCIOLOGY OF HEALTH AND ILLNESS: AN INTRODUCTION

1. The Origins of Medical Sociology: Convergence of Sociology & Medicine  
2. From Medical Sociology to Health Sociology: Transforming the Field  
3. The Development of Sociology of Health in Canada  
5. Population Health Behaviour vs. Patient Illness Behaviour
GOOD HEALTH VS. ILL HEALTH: PROBLEMS OF DEFINITION

1. Alternative Perspectives for Understanding the Meaning of Health
2. Sickness: The Presence of Disease vs. Illness Experience
3. Wellness: Good Health as More than the Absence of Illness and Disease
4. Normal Health vs. Perfect Health: Reality or Illusion?
5. The Process of Health Status Designation

ASSESSING HEALTH STATUS: PROBLEMS IN MEASUREMENT

1. Population Health vs. Personal Health
2. Standard Health Status Indicators
3. The Validity of Self-Rated Health
4. What Can We Learn About Health from Morbidity and Mortality Data?
5. Measuring Wellness and Estimating Health Expectancy

SOCIAL DETERMINANTS OF HEALTH STATUS

1. Personal and Structural Determinants of Health
2. Lay Beliefs about Illness Management and Health Maintenance
4. Sources of Inequality in Health: Class and Gender Differences in Health and Illness Behaviour
5. Understanding the Link between Social Status and Health Status:

HEALTH CARE BEHAVIOURAL PATTERNS

1. Making Sense of Sickness: Adapting to Chronic Illness
3. The Health Benefits of Informal Care and Social Support
4. The Use of Formal Health Care Services

KEEPING CANADIANS HEALTHY

1. Population Health Promotion: Addressing Conflicting Interests
2. Producing Health vs. Consuming Health Care
3. Reforming the Health Care System: The Vision vs. Reality
4. Canadian Health Care Policy Initiatives: Setting Attainable Population Health Promotion Goals
Textbook and Assigned Readings:

**Required Text**

**Supplementary Readings**

In addition to the required textbook (available at the University of Manitoba Bookstore), a number of supplementary readings have been selected from various sources (i.e., published journal articles and chapters). These readings have been duplicated and placed on 2 HOUR RESERVE in the Elizabeth Dafoe Library.

These readings are also available on Eres - the Electronic Reserves System at University of Manitoba Libraries. This service provides remote access to reserve course material. The readings are listed by course number *(SOC 2490)*, as well as course title and instructor's name and are available at:

http://reserves.lib.umanitoba.ca

*The specific required readings for each topic include:*

**SOCIODEMY OF HEALTH AND ILLNESS: AN INTRODUCTION**

Segall and Chappell - Chapter 1 - An Introduction to Health Sociology (pp. 2-20).

**GOOD HEALTH VS. ILL HEALTH: PROBLEMS OF DEFINITION**

Segall and Chappell - Chapter 2 - Defining Health (pp. 21-51).

ASSESSING HEALTH STATUS: PROBLEMS IN MEASUREMENT

Segall and Chappell - Chapter 3 - Measuring Health (pp. 52-71).

SOCIAL DETERMINANTS OF HEALTH STATUS

Segall and Chappell - Chapter 4 - General Determinants of Health (pp. 74-93).

Lay Beliefs about Health and Illness

Segall and Chappell - Chapter 5 - Health Beliefs: Accounting for Health and Illness (pp. 94-126).

Healthy Lifestyle Behaviour

Segall and Chappell - Chapter 6 - Personal Health Behaviours: Adopting a Healthy Lifestyle (pp. 127-158).

Sources of Inequality in Health

Segall and Chappell - Chapter 7 - Social Structure and Health (pp. 159-182).

HEALTH CARE BEHAVIOURAL PATTERNS

Living With Chronic Illness

The Meaning and Management of Pain

Informal Care, Social Support and Health

Segall and Chappell - Chapter 8 - Social Support and Health (pp. 183-207).

The Use of Formal Health Care Services

Segall and Chappell - Chapter 9 - Formal Care and Health (pp. 208-233).

KEEPING CANADIANS HEALTHY

Segall and Chappell - Chapter 10 - Creating a Health Care System (pp. 236-269).

Segall and Chappell - Chapter 11 - Health as a Personal and Societal Value (pp.270-289).
Test/Project Schedule:

The formal requirements of this course consist of three term tests and a Health Diary Project. The term tests will be written during regularly scheduled class time on the dates listed. Additional specific information will be provided in class regarding the format and the material to be covered by each of these tests.

No provision has been made for make-up tests, so it is extremely important to pay attention to the following schedule.

A separate handout will be provided later in the course (February 26, 2008) describing the Health Diary Project in detail. Each student will be required to keep a daily health record for the period of one week and then, using the conceptual framework provided in this course, interpret and summarize the information in an eight (8) page written report.

The due date for the Health Diary Report is also indicated on the following schedule. Late project reports will not be graded.

<table>
<thead>
<tr>
<th>Dates</th>
<th>Percentage of Final Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Term Test One</td>
<td>Tuesday, February 5, 2008</td>
</tr>
<tr>

<tr>
<td>B+</td>
<td>75-79%</td>
</tr>
<tr>
<td>B</td>
<td>70-74%</td>
</tr>
<tr>
<td>C+</td>
<td>65-69%</td>
</tr>
<tr>
<td>C</td>
<td>60-64%</td>
</tr>
<tr>
<td>D</td>
<td>50-59%</td>
</tr>
<tr>
<td>F</td>
<td>less than 50%</td>
</tr>
</tbody>
</table>

Academic Integrity

Students should acquaint themselves with the University's policy on "Examinations: Personations" (Section 4.2.8) and "Plagiarism and Cheating" (Section 7.1) found in the University of Manitoba Undergraduate Calendar.

The Faculty of Arts also reserves the right to submit student work that is suspected of being plagiarized to Internet sites designed to detect plagiarism.
