

## SCHOOL DISTRICTS

### KENDRA, LIMOGES

"I first served as an assistant immediately after completing my bachelor's degree, and was placed in the often-overlooked Limousin region. There, I formed close relationships with the other language assistants, as well as with my students and teachers. I still keep in contact with many of them today! I enjoyed my experience so much that I decided to do the program a 2<sup>nd</sup> time, and am currently working in Paris."

## POSTING

All contracts start October 1<sup>st</sup>, and end April 30<sup>th</sup> every year.

French schools are located in 30 different administrative regions called *académies* (school board district). On your application form, you will be able to choose up to 3 *académies*. You may be posted anywhere within the whole *académie*.

You will also be able to choose between primary and secondary school.

## SALARY

The net monthly salary of a teaching assistant is approximately 800 € per month (12 hrs/week). This salary provides enough money to live in the lifestyle of a typical French student. Assistants are responsible for their own travel expenses. Personal funds are recommended for the initial period of contract.
