Working Conference on

Understanding and Assessing Well-Being and Well-Becoming in Manitoba Schools

Time and Place

The working conference will be held on **Thursday, 19th November 2015**, 9:00-16:00, at the University of Manitoba, Winnipeg, Canada.

Purpose of the Working Conference

The purpose of the working conference is to bring together different school education partners in Manitoba in order to explore the role of well-being and well-becoming as educational concerns in Manitoba schools. *The event provides an opportunity to build on the work already done by the Manitoba Association of School Superintendents (MASS) and other educational partners around well-being in schools. The working conference should be of particular interest to already existing school (divisional) teams around the theme of well-being (including students).*

Each session will start off with a short presentation by a session facilitator on the respective session focus and then most of the session time will be used for facilitated discussions among all session participants.
