Log Books & Procedure Statistics

As a requirement of the Commission on Dental Accreditation of Canada, all Residents must keep a Log Book of their training.

- One book should be kept for each year of training.

- Place each Operating Room Reports or the Patient Labels (attach to paper) into the binder. (they should indicate the procedure/s, and your level of involvement eg. first assistant).

  - Remember to keep a record of procedures you do in the Emergency Room as these will not usually have a dictation report.

- Using the attached document, please total the number of procedures you have completed. Please make any additional references you feel are important on the total sheet.

- Residents Log Books will be requested for review by the Program Director twice per academic year

  - In January for Fall Term (July – December)

  - In May for Winter Term (January to May 31)
