The University of Manitoba, Faculty of Medicine Undergraduate Medical Education Office accepts a limited number of visiting medical students who are enrolled in Medical Schools other than the University of Manitoba for short periods of elective study. The electives program exists to allow visiting students a period of time to undertake an independent study of an area of medicine of their own choice. This period serves students in the development of continuing study habits, in the understanding of the scientific basis of clinical medicine, and in the evaluation of career direction, both occupational and geographic.

Priority will be given in the following order to:
1) University of Manitoba medical students,
2) Canadian medical school students,
3) Canadian citizens studying abroad,
4) US medical school students and,
5) Students from all other medical schools.

Part A - Elective Duration
A visiting elective student can do a total maximum of eight (8) weeks, with no one elective extending longer than a maximum of four (4) weeks duration and no elective shorter than a minimum of two (2) weeks duration.

Part B - General Information
- Applications must be received four (4) months prior to the requested start date.
- Applications from a visiting student will not be accepted more than nine (9) months prior to the start of the elective.
- We will endeavour to notify the applicant at least eight (8) weeks prior to the start date of the elective as to whether or not an elective placement has been found.
- Applicants can not request more than two (2) elective choices at one time.
- Applicants must specify the exact date range during which the elective is to be taken. Electives start on a Monday (Tuesday in the case of a holiday) and end on a Friday.
- For departments offering subspecialties, applicants must specify which subspecialty is preferred.
- Applicants must be able to converse in English, both verbal and written. Proof of ability may be requested.
- Applicants must provide their own clinical jacket and stethoscope.
- Applicants are responsible for all costs associated with their visiting elective(s). We cannot guarantee housing; however, a limited list of contact information will be provided if you are confirmed for an elective. The University of Manitoba is not able to provide any financial assistance.
- Applicants must provide their own evaluation form from their home school. The University of Manitoba does not provide evaluation forms or distribute or track evaluation forms for visiting students.
- Canadian students and Canadians studying abroad are welcome to apply all year round. All other international students can apply for electives with starts dates during April 1 to September 30.
- Upon receipt of your completed application, the Undergraduate Medical Education Office will confirm your eligibility and contact the appropriate department for review of your elective application request.
- Partially completed applications will not be processed. Applicants are not to contact the departments directly. Please refer to your specific category of application for detailed instructions.
- Due to the volume of clerkship activities we do not currently keep a central database of available openings and therefore cannot provide you with what elective spaces are available before submitting an application.
- Students are asked to not contact departments directly to schedule electives.
- CANCELLATION POLICY – If a student wishes to cancel their confirmed elective they must do in writing 6 weeks prior to the start date of the elective.
Visiting Elective Guidelines

Part C - Registration Fees *(Only assessed if you are accepted for an elective)*

The following are the current mandatory registration fees charged in regard to visiting electives. All fees are quoted and payable in Canadian dollars. **Fees are subject to change; do not send any money until instructed to do so. All fees are payable in Canadian funds.**

- The University of Manitoba currently charges a registration fee of $192.15 per elective.
- The College of Physicians and Surgeons of Manitoba currently charges a registration fee of $75.00 and also requires submission of a criminal record check and vulnerable person search (in Canada the approximate cost is $31.00)
- The University of Manitoba’s International Health Insurance that is mandatory for all non-Canadian international students is $71.00/month. Canadians studying abroad must submit a copy of their Canadian provincial medical card to be exempt from this charge.

Part D – Cancellation Policy and Changes

- Notification of the need to cancel a confirmed elective must be initiated through the AFMC Student Portal at least 6 weeks in advance of the start date of the elective.
- Changes to submitted applications must be made in writing/email to the Electives Administrator. Only one change will be permitted, after which applicants will be required to submit a new application. **Changes will not be made over the telephone.**

Part E – Observerships, Shadowing or Internships

- The U of Manitoba Undergraduate Medical Program does not make arrangements for or support requests for observerships, shadowing or internships.

Visiting Elective Guidelines

**Immunization Record Form** - The University of Manitoba no longer accepts an opt-out influenza vaccine form.

**N95 Mask Fitting** - If you do not have this at the time of your application, submit the rest of your documents without it. Once you have completed the fit test, please upload the related documentation to your profile on the [AFMC Student Portal](http://www.levitt-safety.com/). Each student on a clinical placement is required to carry evidence that this standard has been met. It is expected that students from other universities will arrange to be fit tested with a 3M product prior to arrival, and will submit documentation from a registered fit testing program along with their immunization record. Students will not be permitted to start their elective without this requirement.

If you cannot complete the N95 at your current location please make arrangements to complete the N95 when you arrive in Canada. You can make an appointment at Levitt Safety:
