MCHP January Research Resources Update

The MCHP Concept Dictionary and Glossary has now grown to include over 2,000 glossary terms and over 200 concepts. This update highlights terms completed from recently released deliverables and concepts created for them.

All of our concepts and glossary terms are available on our website. [> Learn More](#)

New Database

The Emergency Department Information System database has been added to MCHP's Repository. this database replaces and extends the Admission, Discharge, and Transfer databases and offers a more global view of what is occurring throughout an entire emergency department visit.

You can [view a list of all our databases here.](#)

Summary information is now available for all the Education databases:

- Enrollment, Marks, and Assessments [> Learn More](#)
- Early Literacy Intervention Program [> Learn More](#)
- Reading Recovery [> Learn More](#)
