Dr. Netha Dyck, Dean, College of Nursing  
Dr. Reg Urbanowski, Dean, College of Rehabilitation Sciences

Re: Student volunteers

Dear Students,

Thanks very much for your interest and support in volunteering during the COVID-19 pandemic.

There have been some changes to the schedule to reflect changing needs in the number of volunteers required. Please ensure you check to make sure the shift you signed up for is still available. Apologies for any inconvenience this may cause. Also, OESH is no longer in need of volunteer services but there are new opportunities at St Boniface Hospital and the MPI Bison Drive-Through screening site.

If you choose to volunteer at St. B, you will report to the Atrium and meet Donna Lee Sampson (204-391-4107). If you choose to volunteer at MPI Drive Thru Screening- Bison please ask for Heather Orellana. If you have signed up for a shift at HSC and then need to call in sick/away within 48 hours of your shift, please call Central Staffing Office at 204-787-3301.

There will be further opportunities to volunteer as well and we will continue to inform you of those opportunities. Thanks very much again for your participation.

Please also email Brenda Peterson at [Brenda.Peterson@umanitoba.ca](mailto:Brenda.Peterson@umanitoba.ca) to indicate that you are volunteering (include phone number).

Thank you very much again for your participation and stepping up during the COVID-19 crisis and doing your part as a future health professional.
